1 adjusted annually pursuant to subsection (2).

2 (b) For the purpose of this subsection (1), the maximum compensation a retired
3 member may earn under subsection (1)(a), without an adjustment of retirement
4 benefits, includes all remuneration paid to the retired member, including annuities and
5 all allowances for motor vehicles and housing, plus the value of all taxable fringe
6 benefits, including but not limited to:

7 (i) professional membership dues;

8 (ii) maintenance;

9 (iii) day care;

10 (iv) reimbursements for nonwork-related motor vehicle, travel, lodging, or
11 entertaining expenses; or

12 (v) any similar payment for any form of maintenance, allowance, or expense.

13 (2) On July 1 of each year following the member's retirement effective date, the
14 maximum that a retired member may earn under subsection (1)(a) is increased by an
15 amount equal to the consumer price index increase for urban wage earners compiled
16 by the bureau of labor statistics of the United States department of labor or its
17 successor agency in the preceding calendar year.

18 (3) Except as provided in subsection (5), the retirement benefit of a retired
19 member:

20 (a) employed in a part-time position or earning more than allowed by
21 subsections (1) and (2) must be temporarily reduced by \$1 for each dollar earned over
22 the maximum allowed. Monthly benefits must be reduced beginning as soon as
23 practical after the excess earnings have been reported to the retirement system by the
24 employer. The retirement benefit must be canceled if the retired member's earnings

LC3002-01

1 (4) Upon termination and retirement subsequent to a cancellation of benefits
2 pursuant to subsection (3), the retirement benefit of a member:

3 (a) who was reemployed and earned less than 1 year of creditable service must
4 be reinstated beginning either the first of the month following termination or on July 1
5 following the date on which the retired member was reemployed, whichever is later. The
6 reinstated retirement benefit is the amount and option that the retired member would
7 have been entitled to receive had the retired member not returned to employment.

8 (b) who was reemployed and earned at least 1 year of creditable service must
9 be recalculated under 19-20-804 if the member has attained normal retirement age or
10 under 19-20-802 if the member has not attained normal retirement age but is eligible for
11 early retirement. The recalculated benefit is based on the service credit accumulated at
12 the time of the member's previous retirement, plus any service credit accumulated
13 subsequent to reemployment. The recalculated normal form benefit amount must be
14 increased by the amount of any benefit enhancement received pursuant to 19-20-719
15 that the retired member was receiving when the member's benefits were canceled.

16 (5) If an early-retired member under 19-20-802 is reemployed with the same
17 employer within 30 days from the member's effective date of retirement or if the
18 early-retired member is guaranteed reemployment with the same employer, the
19 member must be considered to have continued in the status of an active member and
20 not to have separated from service. Any retirement allowance payments received by the
21 member must be repaid to the system, together with interest, at the actuarially assumed
22 rate, and the retirement allowance must be canceled."
