(3) At the time of appointment, a peace officer shall take a formal oath of office.

(4) Within 10 days of the appointment, termination, resignation, or death of any peace officer, written notice thereof must be given to the Montana public safety officer standards and training council by the employing authority.

(5) (a) Except as provided in subsections (5)(b) and (5)(c), it is the duty of an appointing authority to cause each peace officer appointed under its authority to attend and successfully complete, within 1 year of the initial appointment, an appropriate peace officer basic course certified by the Montana public safety officer standards and training council. Any peace officer appointed after September 30, 1983, who fails to meet the minimum requirements as set forth in subsection (2) or who fails to complete the basic course as required by this subsection (5)(a) forfeits the position, authority, and arrest powers accorded a peace officer in this state.

If the peace officer fails the basic equivalency test, the peace officer shall complete the basic course within 120 days of the date of the test.

(6) The Montana public safety officer standards and training council may extend the 1-year time requirements of subsections (5)(a) and (5)(c) upon the written application of the peace officer and the appointing authority of the officer. The application must explain the circumstances that make the extension necessary. Factors that the council may consider in granting or denying the extension include but are not limited to illness of the peace officer or a member of the peace officer's immediate family, absence of reasonable access to the basic course or the legal training course, and an unreasonable shortage of personnel within the department. The council may not grant an extension to exceed 180 days.

(7) A peace officer who has successfully met the employment standards and qualifications and the educational requirements of this section and who has completed a 1-year probationary term of employment must, upon application to the Montana public safety officer standards and training council, be issued a basic certificate by the council, certifying that the peace officer has met all the basic qualifying peace officer standards of this state.

(2) (a) If a legally registered elector casts a provisional ballot because the elector failed to provide sufficient identification as required pursuant to 13-13-114(1)(a), the election administrator shall compare the elector’s signature on the affirmation required under 13-13-601 to the elector’s signature on the elector’s voter registration card.

(b) If the signatures match, the election administrator shall handle the ballot as provided in subsection ~~(6)~~ (5).

(c) If the signatures do not match, the ballot must be rejected and handled as provided in 13-15-108.

However, if the election administrator cannot verify the elector’s eligibility under the rules, the elector’s provisional ballot must be rejected and handled as provided in 13-15-108. Section 18. Section 13-27-316, MCA, is amended to read:

“13-27-316. Court review of attorney general opinion or approved petitioner statements. (1) If the proponents of a ballot ~~measure~~ *issue* believe that the ballot statements approved by the attorney general do not satisfy the requirements of 13-27-312 or believe that the attorney general was incorrect in determining that the petition was legally deficient, they may, within 10 days of the attorney general’s determination regarding legal sufficiency provided for in 13-27-202, file an original proceeding in the supreme court challenging the adequacy of the statement or the attorney general’s determination and requesting the court to alter the statement or modify the attorney general’s determination.

(2) If the opponents of a ballot ~~measure~~ *issue* believe that the petitioner ballot statements approved by the attorney general do not satisfy the

requirements of 13-27-312 or believe that the attorney general was incorrect in determining that the petition was legally sufficient, they may, within 10 days of the date of certification to the governor that the completed petition has been officially filed, file an original proceeding in the supreme court challenging the adequacy of the statement or the attorney general's determination and requesting the court to alter the statement or overrule the attorney general's determination concerning the legal sufficiency of the petition. The attorney general shall respond to a complaint within 5 days.

(3) (a) Notice must be served upon the secretary of state and upon the attorney general.

(b) If the proceeding requests modification of ballot statements, an action brought under this section must state how the petitioner's ballot statements approved by the attorney general do not satisfy the requirements of 13-27-312 and must propose alternate ballot statements that satisfy the requirements of 13-27-312.

(c) (i) Pursuant to Article IV, section 7(2), of the Montana constitution, an action brought pursuant to this section takes precedence over other cases and matters in the supreme court. The court shall examine the proposed issue and the challenged statement or determination of the attorney general and shall as soon as possible render a decision as to the adequacy of the ballot statements or the correctness of the attorney general's determination.

(ii) If the court decides that the ballot statements do not meet the requirements of 13-27-312, it may order the attorney general to revise the statements within 5 days or certify to the secretary of state a statement that the court determines will meet the requirements of 13-27-312. A statement revised by the attorney general pursuant to the court's order or certified by the court must be placed on the petition for circulation and on the official ballot.

(iii) If the court decides that the attorney general's legal sufficiency determination is incorrect and that a proposed issue does not comply with statutory and constitutional requirements governing submission of the issue to the electors, any petitions supporting the issue are void and the issue may not appear on the ballot. A proponent of the ballot issue may resubmit a revised issue, pursuant to 13-27-202, subject to the deadlines provided in this chapter.

(iv) If the court decides that the attorney general's legal deficiency determination is incorrect and that a proposed issue complies with statutory and constitutional requirements governing submission of the issue to the electors, the attorney general shall prepare ballot statements pursuant to 13-27-312 and forward the statements to the secretary of state within 5 days of the court's decision.

(4) A petition for a proposed ballot issue may be circulated by a signature gatherer upon transmission of the sample petition form by the secretary of state pending review under this section. If, upon review, the attorney general or the supreme court revises the petition form or ballot statements, any petitions signed prior to the revision are void.

(5) An original proceeding in the supreme court under this section is the exclusive remedy for a challenge to the petitioner's ballot statements, as approved by the attorney general, or the attorney general's legal sufficiency determination. A ballot issue may not be invalidated under this section after the secretary of state has certified the ballot under 13-12-201.

(6) This section does not limit the right to challenge a constitutional defect in the substance of an issue approved by a vote of the people."

Section 19. Section 15-1-121, MCA, is amended to read:

(ii) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A).

(iii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(iii)(A).

(b) (i) The entitlement share pool growth rate for the first year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(B) and (3)(a)(iii)(B):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(A) and (3)(a)(iii)(A):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(4) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (6). For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1).

(5) (a) The entitlement share pools calculated in this section and the block grants provided for in subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool. The distributions must be made on a quarterly basis.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the base year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the base year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the base year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount is distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.

(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (6)(a), the entitlement share for tax increment financing districts is as follows:

Cascade	Great Falls - downtown	\$468,966
Deer Lodge	TIF District 1	3,148
Deer Lodge	TIF District 2	3,126
Flathead	Kalispell - District 1	758,359
Flathead	Kalispell - District 2	5,153
Flathead	Kalispell - District 3	41,368

Flathead	Whitefish District	164,660
Gallatin	Bozeman - downtown	34,620
Lewis and Clark	Helena - #2	731,614
Missoula	Missoula - 1-1B & 1-1C	1,100,507
Missoula	Missoula - 4-1C	33,343
Silver Bow	Butte - uptown	283,801
Yellowstone	Billings	436,815

(7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from countywide transportation block grants ~~or from countywide retirement block grants.~~

(8) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(o) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.

(b) For the purposes of subsection (8)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.

(9) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).

(10) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(11) A local government may appeal the department's estimation of the base year component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(12) A payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1."

Section 26. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

- (i) annexation of real property and improvements into a taxing unit;
- (ii) construction, expansion, or remodeling of improvements;
- (iii) transfer of property into a taxing unit;
- (iv) subdivision of real property; and
- (v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

- (i) a change in the boundary of a tax increment financing district;
- (ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or
- (iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property *under 15-6-134* or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

- (a) school district levies established in Title 20; or
- (b) the portion of a governmental entity's property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in whole mills. If the mill levy calculation does not result in a whole number of mills, then the calculation must be rounded up to the nearest whole mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

- (i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;
- (ii) a levy to repay taxes paid under protest as provided in 15-1-402;
- (iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326; or
- (iv) a levy for the support of a study commission under 7-3-184.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 27. Section 15-16-402, MCA, is amended to read:

"15-16-402. Tax on personal property lien on realty — separate assessment — filing of mortgage satisfaction. (1) The tax due on personal property is a prior lien upon the personal property. The lien has precedence over any other lien, claim, or demand upon the personal property. Except as provided in subsection (2), the tax on personal property is also a lien upon the real property of the owner of the personal property on and after January 1 of each year.

(2) The taxes on personal property based on a taxable value up to and including \$10,000 are a first and prior lien upon the real property of the owner of the personal property. Taxes on personal property based on a taxable value in excess of \$10,000 are a first and prior lien upon the real property of the owner unless the owner or holder of any mortgage or other lien upon the real property appearing of record in the office of the clerk and recorder of the county where the real property is situated, at or before the time the personal property tax attached to the real property, has filed a notice as provided in subsection (3). If the notice is filed, the personal property taxes on the taxable value in excess of \$10,000 are not a lien upon the owner's real property. The county treasurer shall, at the request of a mortgagee or lienholder, issue a statement of the personal property tax due on the taxable value up to and including \$10,000. Personal property taxes on a taxable value up to \$10,000 may be paid, redeemed from a tax *lien* sale as provided by law, or discharged separately from any personal property taxes in excess of that amount. Payment of the taxes on a taxable value up to \$10,000, as provided in this subsection, discharge the tax lien upon the personal property of the owner to the extent of the payment in the order that the person paying the tax directs.

(3) The holder of any mortgage or lien upon real property who desires to obtain the benefits of this section shall file each year in the office of the county treasurer of the county and with the department a notice giving:

- (b) the name of the reputed owner of the land;
- (c) the description of the land;
- (d) the date of record and expiration of the mortgage or lien;
- (e) the amount of the mortgage or lien; and
- (f) a statement that the holder claims the benefit of the provisions of this section.

(4) The notice is ineffectual as to any taxes that are a lien upon real property prior to the filing of the notice as provided in subsection (3).

(5) A holder of a mortgage on real property upon which personal property taxes are a lien under this section, when the owner of the real property and personal property has failed to pay taxes due on the real property and personal property for 1 or more years, may file with the department a written request to have the personal property and real property of the owner separately assessed. The request must be made by certified mail at least 10 days prior to January 1 in the year for which property is assessed. Upon receipt by the department of the request, the department shall make a separate assessment of real and personal property of the owner of the property, and the personal property taxes may not be a lien upon the mortgaged real property. The personal property taxes must be collected in the manner provided by law for other personal property.

(6) The holder of a mortgage or lien upon real property who files a certificate of satisfaction and the proof and acknowledgment of filing the certificate, as provided for in 71-1-211, shall file a copy of the certificate and the proof and acknowledgment with:

(a) the county treasurer if the holder has filed a notice under subsection (3); and

(b) the department if the holder has filed a written request under subsection (5).

(7) The provisions of this section do not apply to property for which delinquent property taxes have been suspended or canceled under the provisions of Title 15, chapter 24, part 17.”

(4) If the certificate described in subsection (1) or the statement described in subsection (3) is lost or destroyed, the county treasurer shall, upon adequate proof and signed affidavit by the assignee that loss or destruction has occurred, issue a duplicate certificate to the assignee.

(5) Prior to making a payment under subsection (1), a person shall send notice of the proposed payment, by certified mail, to the person to whom the property was assessed. The form of the notice must be adopted by the department by rule. The notice must have been mailed at least 2 weeks prior to the date of the payment. The person making the payment shall provide proof of the mailing.

(6) The provisions of this section apply to any sale of land for which a treasurer's deed was not issued on or before March 5, 1917, or for which a tax deed was not issued on or before April 23, 1987, and the holder of any certificate described in subsection (1) has the same rights, powers, and privileges with regard to securing a deed as any purchaser of land at a tax lien sale may now have."

Section 29. Section 15-17-911, MCA, is amended to read:

"15-17-911. Sale of personal property for delinquent taxes — fee — disposition of proceeds — unsold property. (1) The tax on personal property may be collected and payment enforced by the seizure and sale of any personal property in the possession of the person assessed. Seizure and sale are authorized at any time after the date the taxes become delinquent or by the institution of a civil action for its collection in any court of competent jurisdiction. A resort to one method does not bar the right to resort to any other method. Any of the methods provided may be used until the full amount of the tax is collected.

(2) The provisions of 15-16-119 and this section apply to a seizure and sale under subsection (1).

(3) (a) A sale under subsection (1) must be:

(i) conducted at public auction;

(ii) conducted under the provisions of 25-13-701(1)(b); and

(iii) noticed as a treasurer's sale of personal property seized for taxes.

(b) The return on the levy and sale must be signed by the sheriff or deputy sheriff as ex officio deputy county treasurer.

(4) (a) The county treasurer shall charge \$25 or a fee set by the county commissioners, plus the cost, as defined in 15-17-121, of the collection of delinquent personal property taxes. The cost must be assessed against the delinquent taxpayer and is in addition to any sheriff's fees, mileage, and costs charged under subsection (4)(b).

(b) The sheriff is entitled to the fees, mileage, and costs as provided in 7-32-2141 and 7-32-2143, which must be assessed against the delinquent taxpayer.

(5) On payment of the price bid for any property sold as provided in this section, delivery of the property, with a bill of sale, vests the title of the property in the purchaser.

(6) (a) After sale of the property, the proceeds of the sale must be used first to reimburse the county for all costs and charges incurred in seizing the property and conducting the sale. Any excess, up to the total amount of the taxes owed, must be distributed proportionally to the funds that would have received the taxes if they had been paid before becoming delinquent. Any remaining excess, up to the amount of the penalty and interest owed, must then be distributed proportionally to the fund that would have received the penalty and interest if they had been paid in full.

(b) Any money collected in excess of the delinquent tax, penalties, interest, costs, and charges must be returned to the person owning the property prior to the sale, if known. If the person does not claim the excess immediately following the sale, the treasurer shall deposit the money in the county treasury for a period of 1 year from the date of sale. If the person has not claimed the excess within 1 year from the date of sale, the county treasurer shall deposit the amount in the county general fund and the person has no claim to it.

(7) Any property seized for the purpose of liquidating a delinquency by a tax *lien* sale that remains unsold following a sale may be left at the place of sale at the risk of the owner.

(8) The provisions of this section do not apply to property for which delinquent property taxes have been suspended or canceled under the provisions of Title 15, chapter 24, part 17.

(9) The county commission, in its discretion, may cancel any personal property taxes, including penalty, interest, costs, and charges that remain unsatisfied after the property upon which the taxes were assessed had been seized and sold. If the taxes are canceled, one copy of the order of cancellation must be filed with the county clerk and recorder and one copy with the county treasurer."

Section 30. Section 15-18-411, MCA, is amended to read:

"15-18-411. Action to quiet title to tax deed — notice. (1) (a) In an action brought to set aside or annul any tax deed or to determine the rights of a purchaser to real property claimed to have been acquired through tax

proceedings or a tax *lien* sale, the purchaser, upon filing an affidavit, may obtain from the court an order directed to the person claiming to:

- (i) own the property;
- (ii) have any interest in or lien upon the property;
- (iii) have a right to redeem the property; or
- (iv) have rights hostile to the tax title.

(b) The person described in subsections (1)(a)(i) through (1)(a)(iv) is referred to as the true owner.

(c) Except as provided in subsection (1)(d), the order described in subsection (1)(a) may command the true owner to:

- (i) deposit with the court for the use of the purchaser:

(A) the amount of all taxes, interest, penalties, and costs that would have accrued if the property had been regularly and legally assessed and taxed as the property of the true owner and was about to be redeemed by the true owner; and

(B) the amount of all sums reasonably paid by the purchaser following the order and after 3 years from the date of the tax *lien* sale to preserve the property or to make improvements on the property while in the purchaser's possession, as the total amount of the taxes, interest, penalties, costs, and improvements is alleged by the plaintiff and as must appear in the order; or

(ii) show cause on a date to be fixed in the order, not exceeding 30 days from the date of the order, why the payment should not be made.

(d) The deposit provided for in subsection (1)(c) may not be required of a person found by the court to be indigent following an examination into the matter by the court upon the request of a true owner claiming to be indigent.

(2) The affidavit must list the name and address of the true owner and whether the owner is in the state of Montana, if known to the plaintiff, or state that the address of the true owner is not known to the plaintiff.

(3) (a) The order must be filed with the county clerk and a copy served personally upon each person shown in the affidavit claiming to be a true owner and whose name and address are reasonably ascertainable.

(b) Jurisdiction is acquired over all other persons by:

- (i) publishing the order once in the official newspaper of the county;
- (ii) posting the order in three public places in the county at least 10 days prior to the hearing; and
- (iii) giving a copy to the county treasurer."

Section 31. Section 15-18-413, MCA, is amended to read:

"15-18-413. Title conveyed by deed — defects. (1) All deeds executed more than 3 years after the applicable tax *lien* sale convey to the grantee absolute title to the property described in the deed as of 3 years following the date of sale of the property interest at the tax *lien* sale.

(2) The conveyance includes:

(a) all right, title, interest, estate, lien, claim, and demand of the state of Montana and of the county in and to the property; and

(b) the right, if the tax deed, tax *lien* sale, or any of the tax proceedings upon which the deed may be based are attacked and held irregular or void, to recover the unpaid taxes, interest, penalties, and costs that would accrue if the tax proceedings had been regular and it was desired to redeem the property.

(3) The tax deed is free of all encumbrances except as provided in 15-18-214(1)(a) through (1)(c).

(4) A tax deed is prima facie evidence of the right of possession accruing as of the date of the expiration of the redemption period described in 15-18-111.

(5) (a) Subject to subsection (5)(b), if any tax deed or deed purporting to be a tax deed is issued more than 3 years and 30 days after the date of the sale of the property interest at the applicable tax *lien* sale, the grantee may publish in the official newspaper of the county, once a week for 2 consecutive weeks, a notice entitled "Notice of Claim of a Tax Title". The notice must:

(i) describe all property claimed to have been acquired by a tax deed;

(ii) contain an estimate of the amount due on the property for delinquent taxes, interest, penalties, and costs;

(iii) contain a statement that for further specific information, reference must be made to the records in the office of the county treasurer;

(iv) list the name and address of record of the person in whose name the property was assessed or taxed; and

(v) contain a statement that demand is made that the true owner shall, within 30 days after the later of service or the first publication of the notice, pay to the county treasurer for use by the claimant the amount of taxes, interest, penalties, and costs as the same appear in the records of the county treasurer to redeem the property or the true owner may bring a suit to quiet the true owner's title or to set aside the tax deed.

(b) The notice described in subsection (5)(a) must be served on a taxpayer whose name and address are reasonably ascertainable.

(6) (a) Provided that the statutory requirements for a notice of intended issuance of a tax deed required by 15-18-212 have been complied with and if within the 30-day period the taxes, interest, penalties, and costs are not paid or a quiet title action is not brought, all defects in the tax proceedings and any right of redemption are considered waived. Except as provided in subsection (6)(b), after the 30-day period, the title to the property described in the notice and in the tax deed is valid and binding, irrespective of any irregularities, defects, or omissions in any of the provisions of the laws of Montana regarding the assessment, levying of taxes, or sale of property for taxes, whether or not the irregularities, defects, or omissions could void the proceedings.

(b) The proceedings in subsection (6)(a) are void if the taxes were not delinquent or have been paid."

Section 32. Section 15-24-301, MCA, is amended to read:

"15-24-301. Personal property brought into state — assessment — exceptions — custom combine equipment. (1) Except as provided in subsections (2) through (5), property in the following cases is subject to taxation and assessment for all taxes levied that year in the county in which it is located:

(a) personal property, excluding livestock, brought into this state at any time during the year that is used in the state for hire, compensation, or profit;

(b) property belonging to an owner or user who is engaged in a gainful occupation or business enterprise in the state; or

(c) property that becomes a part of the general property of the state.

(2) The taxes on this property are levied in the same manner, except as otherwise provided, as though the property had been in the county on the

regular assessment date, provided that the property has not been regularly assessed for the year in some other county of the state.

(3) This section does not levy a tax against a merchant or dealer within this state on goods, wares, or merchandise brought into the county to replenish the stock of the merchant or dealer.

(4) Except as provided in 15-6-217, a motor vehicle that is brought into this state by a nonresident person temporarily employed in Montana and used exclusively for transportation of the person is subject to registration under 61-3-701.

(5) Agricultural harvesting machinery classified ~~under~~ *as* class eight *property under 15-6-138*, licensed in another state, and operated on the land of a person other than the owner of the machinery under a contract for hire is subject to a fee in lieu of tax of \$35 for each machine for the calendar year in which the fee is collected. The machinery is subject to taxation under class eight only if the machinery is sold in Montana.”

Section 33. Section 15-24-2403, MCA, is amended to read:

“15-24-2403. Expanding industry taxable value decrease — application — approval — reports. (1) After December 31, 1991, an existing industry with qualifying property that represents an expansion of the industry is entitled to receive a decrease in the tax rate for class eight property if the property results in the hiring of full-time qualifying employees for each year in which the taxable value decrease is in effect.

(2) A person, firm, or other group seeking to qualify its property for the taxable value decrease under subsection (1) shall apply to the department of revenue on a form provided by the department. The application must include:

(a) the description of the personal property that may qualify for the taxable value decrease;

(b) the date on which the qualifying property is intended to be operational;

(c) the rate of pay and number of existing employees and new employees to be used in the operation of the qualifying property;

(d) a statement that the new employees are in addition to the existing workforce of the industry and the specific responsibilities of each new employee; and

(e) a statement that all the applicant’s taxes are paid in full.

(3) The department shall make an initial determination as to whether the industry qualifies for the taxable value decrease.

(4) (a) If the department determines that the property qualifies for a taxable value decrease, the governing body of the affected county, consolidated government, incorporated city or town, or school district shall give due notice as defined in 76-15-103 and hold a public hearing. Each governing body may either approve or disapprove the grant of taxable value decrease. A governing body may not grant approval for the project until all of the applicant’s taxes have been paid in full. Taxes paid under protest do not preclude approval.

(b) The resolution provided for in subsection (4)(a) must include the document that grants approval of the application that was submitted to the department by the taxpayer seeking the taxable value decrease.

(5) The tax reduction described in subsection (1) applies to:

(a) the number of mills levied and assessed by each governing body approving the benefit over which the governing body has sole discretion; and

(b) statewide levies if the governing body approving the tax reduction is a county, consolidated government, or incorporated city or town.

(6) The number of new employees used by the department to calculate the taxable value decrease in subsection (7) must be determined by the wages paid to qualifying employees. A qualifying employee paid the amount of the average wage as determined by the quarterly statistical report published by the department of labor and industry is considered one new employee. Qualifying employees are considered equivalent new employees if they are paid three-quarters of the average wage or more. The qualifying employee is the equivalent of a new employee in the same fraction that ~~his~~ *the employee's* wages are to the average wage, but a qualifying employee may not be considered more than two new employees.

(7) (a) Qualifying property is entitled to a decrease in the taxable rate of class eight property *under 15-6-138* based upon a percentage difference between a possible low rate of 3% and a high rate of the existing class eight property tax rate. The reduced taxable value rate is determined by calculating the inverse of the number of equivalent new employees divided by the number of existing employees and multiplying the product of that calculation by the decimal equivalent of the tax rate for class eight property.

(b) For each year that the taxable value decrease is in effect, the taxpayer shall report by March 1 to the department, on forms prescribed by the department, the wages of and the number of qualifying employees that are used in the operation of the qualifying property for which the taxable value decrease was granted.”

Section 34. Section 15-30-140, MCA, is amended to read:

“15-30-140. Refundable income tax credit — statewide equalization property tax levies on principal residence — rules. (1) (a) There is a credit against the tax imposed by this chapter, which is calculated by multiplying the amount of property taxes imposed and paid on a property taxpayer’s principal residence under 20-9-331, 20-9-333, and 20-9-360 on \$20,000 of market value on the residence times the relief multiple.

(b) ~~(i)~~ As used in subsection (1)(a), the relief multiple is a number used to change the amount of tax relief allowed under this section. The relief multiple is 0. Each interim, the revenue and transportation interim committee shall, based upon actual and projected state revenue and spending and any other appropriate factors, determine if a change in the relief multiple is justified. If a change is justified, the committee shall request a bill to change the relief multiple.

~~(ii) The department of administration shall certify to the budget director on August 1, 2007, the amount of unaudited general fund revenue received in fiscal year 2007 as recorded when the fiscal year 2007 statewide accounting, budgeting, and human resources system records are closed in July 2007. Fiscal year 2007 is the period from July 1, 2006, to June 30, 2007. General fund revenue is as recorded in the statewide accounting, budgeting, and human resources system using generally accepted accounting principles in accordance with 17-1-102(2). If the unaudited general fund revenue received in fiscal year 2007 exceeds \$1,802,000,000, for each \$1,000,000 greater than \$1,802,000,000, the factor in subsection (1)(b)(i) must increase by 0.1 for tax year 2007 only.~~

(2) As used in this section, “principal residence” means a class four residential dwelling *under 15-6-134* that is a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and as much of the surrounding land, not exceeding 1 acre, as is reasonably necessary for its use as a dwelling and that is occupied by the owner for at least 7 months during the tax year.

(3) Only one claim may be made with respect to any property.

(4) If the amount of the credit exceeds the claimant’s liability under this chapter, the amount of the excess must be refunded to the claimant. The credit may be claimed even if the claimant has no income taxable under this chapter.

(5) The department may adopt rules to implement and administer this section.”

Section 35. Section 15-31-121, MCA, is amended to read:

“15-31-121. Rate of tax — minimum tax — distribution of revenue. (1) Except as provided in subsection (2), the percentage of net income to be paid under 15-31-101 is 6 3/4% of all net income for the tax period.

(2) For a taxpayer making a water’s-edge election, the percentage of net income to be paid under 15-31-101 is 7% of all taxable net income for the tax period.

(3) Each corporation subject to taxation under this part shall pay a minimum tax of not less than \$50.

~~(4) For fiscal year 2005, the tax collected from water’s-edge corporations must be deposited as follows:~~

~~(a) \$375,000 in the state special revenue fund to the credit of the department of public health and human services for state matching funds to maximize federal funds for medicaid health services; and~~

~~(b) the balance in the state general fund.”~~

Section 36. Section 16-1-306, MCA, is amended to read:

“16-1-306. Revenue to be paid to state treasurer. Except as provided in 16-1-404, ~~16-1-405~~, 16-1-406, and 16-1-411, all fees, charges, taxes, and revenue collected by or under authority of the department must, in accordance with the provisions of 17-2-124, be deposited to the credit of the state general fund.”

Section 37. Section 17-7-111, MCA, is amended to read:

“17-7-111. Preparation of state budget — agency program budgets — form distribution and contents. (1) (a) To prepare a state budget, the executive branch, the legislature, and the citizens of the state need information that is consistent and accurate. Necessary information includes detailed disbursements by fund type for each agency and program for the appropriate time period, recommendations for creating a balanced budget, and recommended disbursements and estimated receipts by fund type and fund category.

(b) Subject to the requirements of this chapter, the budget director and the legislative fiscal analyst shall by agreement:

(i) establish necessary standards, formats, and other matters necessary to share information between the agencies and to ensure that information is consistent and accurate for the preparation of the state’s budget; and

(ii) provide for the collection and provision of budgetary and financial information that is in addition to or different from the information otherwise required to be provided pursuant to this section.

(2) In the preparation of a state budget, the budget director shall, not later than the date specified in 17-7-112(1), distribute to all agencies the proper forms and instructions necessary for the preparation of budget estimates by the budget director. These forms must be prescribed by the budget director to procure the information required by subsection (3). The forms must be submitted to the budget director by the date provided in 17-7-112(2)(a), or the agency's budget is subject to preparation based upon estimates as provided in 17-7-112(5). The budget director may refuse to accept forms that do not comply with the provisions of this section or the instructions given for completing the forms.

(3) The agency budget request must set forth a balanced financial plan for the agency completing the forms for each fiscal year of the ensuing biennium. The plan must consist of:

(a) a consolidated agency budget summary of funds subject to appropriation or enterprise funds that transfer profits to the general fund or to an account subject to appropriation for the current base budget expenditures, including statutory appropriations, and for each present law adjustment and new proposal request setting forth the aggregate figures of the full-time equivalent personnel positions (FTE) and the budget, showing a balance between the total proposed disbursements and the total anticipated receipts, together with the other means of financing the budget for each fiscal year of the ensuing biennium, contrasted with the corresponding figures for the last-completed fiscal year and the fiscal year in progress;

(b) a schedule of the actual and projected receipts, disbursements, and solvency of each fund for the current biennium and estimated for the subsequent biennium;

(c) a statement of the agency mission and a statement of goals and objectives for each program of the agency. The goals and objectives must include, in a concise form, sufficient specific information and quantifiable information to enable the legislature to formulate an appropriations policy regarding the agency and its programs and to allow a determination, at some future date, on whether the agency has succeeded in attaining its goals and objectives.

(d) actual FTE and disbursements for the completed fiscal year of the current biennium, estimated FTE and disbursements for the current fiscal year, and the agency's request for the ensuing biennium, by program;

(e) actual disbursements for the completed fiscal year of the current biennium, estimated disbursements for the current fiscal year, and the agency's recommendations for the ensuing biennium, by disbursement category;

(f) for ~~only~~ agencies with more than 20 FTE, a plan to reduce the proposed base budget for the general appropriations act and the proposed state pay plan to 95% of the current base budget or lower if directed by the budget director. Each agency plan must include base budget reductions that reflect the required percentage reduction by fund type for the general fund and state special revenue fund types. Exempt from the calculations of the 5% target amounts are legislative audit costs, administratively attached entities that hire their own staff under 2-15-121, and state special revenue accounts that do not transfer their investment earnings or fund balances to the general fund. The plan must include:

(i) a prioritized list of services that would be eliminated or reduced;

(ii) for each service included in the prioritized list, the savings that would result from the elimination or reduction; and

(iii) the consequences or impacts of the proposed elimination or reduction of each service.

(g) a reference for each new information technology proposal stating whether the new proposal is included in the approved agency information technology plan as required in 2-17-523; and

(h) other information the budget director feels is necessary for the preparation of a budget.

(4) The budget director shall prepare and submit to the legislative fiscal analyst in accordance with 17-7-112:

(a) detailed recommendations for the state long-range building program. Each recommendation must be presented by institution, agency, or branch, by funding source, with a description of each proposed project.

(b) a statewide project budget summary as provided in 2-17-526;

(c) the proposed pay plan schedule for all executive branch employees at the program level by fund, with the specific cost and funding recommendations for each agency. Submission of a pay plan schedule under this subsection is not an unfair labor practice under 39-31-401.

(d) agency proposals for the use of cultural and aesthetic project grants under Title 22, chapter 2, part 3, the renewable resource grant and loan program under Title 85, chapter 1, part 6, the reclamation and development grants program under Title 90, chapter 2, part 11, and the treasure state endowment program under Title 90, chapter 6, part 7.

(5) The board of regents shall submit, with its budget request for each university unit in accordance with 17-7-112, a report on the university system bonded indebtedness and related finances as provided in this subsection (5). The report must include the following information for each year of the biennium, contrasted with the same information for the last-completed fiscal year and the fiscal year in progress:

(a) a schedule of estimated total bonded indebtedness for each university unit by bond indenture;

(b) a schedule of estimated revenue, expenditures, and fund balances by fiscal year for each outstanding bond indenture, clearly delineating the accounts relating to each indenture and the minimum legal funding requirements for each bond indenture; and

(c) a schedule showing the total funds available from each bond indenture and its associated accounts, with a list of commitments and planned expenditures from ~~such~~ *the* accounts, itemized by revenue source and project for each year of the current and ensuing bienniums.

(6) (a) The department of revenue shall make Montana individual income tax information available by removing names, addresses, and social security numbers and substituting in their place a state accounting record identifier number. Except for the purposes of complying with federal law, the department may not alter the data in any other way.

(b) The department of revenue shall provide the name and address of a taxpayer on written request of the budget director when the values on the requested return, including estimated payments, are considered necessary by the budget director to properly analyze state revenue and are of a sufficient magnitude to materially affect the analysis and when the identity of the

taxpayer is necessary to evaluate the effect of the return or payments on the analysis being performed.”

Section 38. Section 17-7-138, MCA, is amended to read:

“17-7-138. Operating budget. (1) (a) Expenditures by a state agency must be made in substantial compliance with the budget approved by the legislature. Substantial compliance may be determined by conformity to the conditions contained in the general appropriations act and to legislative intent as established in the narrative accompanying the general appropriations act. An explanation of any significant change in agency or program scope must be submitted on a regular basis to the interim committee that has program evaluation and monitoring functions for the agency pursuant to Title 5, chapter 5, part 2. An explanation of any significant change in agency or program scope, objectives, activities, or expenditures must be submitted to the legislative fiscal analyst for review and comment by the legislative finance committee prior to any implementation of the change. A significant change may not conflict with a condition contained in the general appropriations act. If the approving authority certifies that a change is time-sensitive, the approving authority may approve the change prior to the next regularly scheduled meeting of the legislative finance committee. The approving authority shall submit all proposed time-sensitive changes to the legislative fiscal analyst prior to approval. If the legislative fiscal analyst determines that notification of the legislative finance committee is warranted, the legislative fiscal analyst shall immediately notify as many members as possible of the proposed change and communicate any concerns expressed to the approving authority. The approving authority shall present a report fully explaining the reasons for the action to the next meeting of the legislative finance committee. Except as provided in subsection (2), the expenditure of money appropriated in the general appropriations act is contingent upon approval of an operating budget by August 1 of each fiscal year. An approved original operating budget must comply with state law and conditions contained in the general appropriations act.

(b) For the purposes of this subsection (1), an agency or program is considered to have a significant change in its scope, objectives, activities, or expenditures if:

(i) the operating budget change exceeds \$1 million; or

(ii) the operating budget change exceeds 25% of a budget category and the change is greater than \$25,000. If there have been other changes to the budget category in the current fiscal year, all the changes, including the change under consideration, must be used in determining the 25% and \$25,000 threshold.

(2) The expenditure of money appropriated in the general appropriations act to the board of regents, on behalf of the university system units, as defined in 17-7-102, is contingent upon approval of a comprehensive operating budget by October 1 of each fiscal year. The operating budget must contain detailed revenue and expenditures and anticipated fund balances of current funds, loan funds, endowment funds, and plant funds. After the board of regents approves operating budgets, transfers between units may be made only with the approval of the board of regents. Transfers and related justification must be submitted to the office of budget and program planning and to the legislative fiscal analyst.

(3) The operating budget for money appropriated by the general appropriations act must be separate from the operating budget for money appropriated by another law except a law appropriating money for the state pay plan or any portion of the state pay plan. The legislature may restrict the use of

funds appropriated for personal services to allow use only for the purpose of the appropriation. Each operating budget must include expenditures for each agency program, detailed at least by first-level categories as provided in 17-1-102(3). Each agency shall record its operating budget for all funds, other than higher education funds, and any approved changes on the statewide budget and accounting state financial system *accounting, budgeting, and human resource system*. Documents implementing approved changes must be signed. The operating budget for higher education funds must be recorded on the university financial system, with separate accounting categories for each source or use of state government funds. State sources and university sources of funds may be combined for the general operating portion of the current unrestricted funds.”

(b) custodial or security services for publicly owned buildings and facilities;

(c) grounds maintenance for publicly owned property;

(d) the operation of public drinking water supply, waste collection, and waste disposal systems;

(e) law enforcement, including janitors and prison guards;

(f) fire protection;

(g) public or school transportation driving;

(h) nursing, nurse’s aid services, and medical laboratory technician services;

(i) material and mail handling;

(j) food service and cooking;

(k) motor vehicle and construction equipment repair and servicing; and

(l) appliance and office machine repair and servicing.

(10) “Project location” means the construction site where a public works project involving construction services is being built, installed, or otherwise improved or reclaimed, as specified on the project plans and specifications.

(11) (a) “Public works contract” means a contract for construction services let by the state, county, municipality, school district, or political subdivision or for nonconstruction services let by the state, county, municipality, or political subdivision in which the total cost of the contract is in excess of \$25,000. The nonconstruction services classification does not apply to any school district that at any time prior to April 27, 1999, contracted with a private contractor for the provision of nonconstruction services on behalf of the district.

(b) The term does not include contracts entered into by the department of public health and human services for the provision of human services.

(12) “Special circumstances” means all work performed at a facility that is built or developed for a specific Montana public works project and that is located in a prevailing wage district that contains the project location or that is located in a contiguous prevailing wage district.

(13) (a) “Standard prevailing rate of wages” or “standard prevailing wage” means:

(i) the heavy and highway construction wage rates applicable to heavy and highway construction projects; or

(ii) those wages, other than heavy and highway construction wages, including fringe benefits for health and welfare and pension contributions, that meet the requirements of the Employee Retirement *Income* Security Act of 1974 and other bona fide programs approved by the United States department of labor and travel allowance that are paid in the district by other contractors for work of a similar character performed in that district by each craft, classification, or type of worker needed to complete a contract under this part. In each district, the standard prevailing rate of wages must be computed by the

department based on work performed by electrical contractors who are licensed under Title 37, chapter 68, master plumbers who are licensed under Title 37, chapter 69, part 3, and Montana contractors who are registered under Title 39, chapter 9, and whose work is performed according to commercial building codes. The contractor survey must include information pertaining to the number of skilled craftspersons employed in the employer's peak month of employment and the wages and benefits paid for each craft. In setting the prevailing wages from the survey for each craft, the department shall use the weighted average wage for each craft, except in those cases in which the survey shows that 50% of the craftspersons are receiving the same wage. When the survey shows that 50% of the craftspersons are receiving the same wage, that wage is the prevailing wage for that craft. The work performed must be work of a similar character to the work performed in the district unless the annual survey of construction contractors and the biennial survey of nonconstruction service employers in the district does not generate sufficient data. If the survey produces insufficient data, the rate may be established by the use of other information or methods that the commissioner determines fairly establish the standard prevailing rate of wages. The commissioner shall establish by rule the method or methods by which the standard prevailing rate of wages is determined. The rules must establish a process for determining if there is insufficient data generated by the survey of employers in the district that requires the use of other methods of determining the standard prevailing rate of wages. The rules must identify the amount of data that constitutes insufficient data and require the commissioner of labor to use other methods of determining the standard prevailing rate of wages when insufficient data exists. The alternative methods of determining the prevailing rate of wages must provide for review and the incorporation of data from work of a similar character that is conducted as near as possible to the original district.

(b) When work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions, that meets the requirements of the Employee Retirement *Income* Security Act of 1974 and other bona fide programs approved by the United States department of labor and the rate of travel allowance must be those rates established by collective bargaining agreements in effect in the district for each craft, classification, or type of worker needed to complete the contract.

(14) "Work of a similar character" means work on private commercial projects as well as work on public projects."

Section 40. Section 18-5-605, MCA, is amended to read:

"18-5-605. Implementation. (1) For the purposes of ensuring the effective phasing in of nonvisual access technology procurement, the head of any state agency may not approve exclusion of the technology access clause required by 18-5-604 from any contract with respect to the compatibility of standard operating systems and software with nonvisual access software and peripheral devices or with respect to the initial design, development, and installation of information systems, including the design and procurement of interactive equipment and software.

(2) This section does not require the installation of software or peripheral devices used for nonvisual access when the information technology is being used by individuals who are not blind or visually impaired.

(3) Notwithstanding subsection (2), the applications programs and underlying operating systems, including the format of the data, used for the manipulation and presentation of information must permit the installation and effective use of nonvisual access software and peripheral devices.

(4) Compliance with this part with regard to information technology purchased prior to July 1, 2001, must be achieved at the time of procurement of an upgrade or replacement of existing equipment or software.

~~(5) Until July 1, 2003, a state agency may be exempted from the requirements of 18-5-604 if the cost would cause the state agency's budget to exceed legislative appropriations.~~

~~(6)(5) A state agency may be exempted from the provisions of this part if the state agency makes a good faith determination that compliance would result in an undue burden."~~

Section 41. Section 19-3-2121, MCA, is amended to read:

"19-3-2121. Determination and adjustment of plan choice rate and contribution allocations. (1) The board shall periodically review the sufficiency of the plan choice rate and shall adjust the allocation of contributions under 19-3-2117 as specified in this section. The board shall collect and maintain the data necessary to comply with this section.

(2) The plan choice rate set in ~~19-3-2117(2)(b)~~ 19-3-2117(2)(a)(ii) must be adjusted as provided in this section, taking into account:

(a) as determined under subsection (3), the change in the normal cost contribution rate in the defined benefit plan that is the result of member selection of the defined contribution plan; and

(b) as determined under subsection (4), the sufficiency of the plan choice rate to actuarially fund the defined contribution plan member's appropriate share of the defined benefit plan's unfunded liabilities.

(3) The change in the normal cost contribution rate must be an amount equal to the difference between the normal cost contribution rate in the defined benefit plan that would have resulted if all system members remained in the defined benefit plan and the normal cost contribution rate in the defined benefit plan for the actual members of the defined benefit plan, multiplied by the compensation paid to all of the members in the defined benefit plan, divided by the compensation paid to all of the members in the defined contribution plan. The measurements under this subsection must be based on the defined benefit plan in effect on the effective date of the defined contribution plan until the board determines that the defined benefit plan has been amended in a manner that significantly affects plan choices available to system members. After a board determination that the defined benefit plan has been significantly changed, the measurements in this subsection with respect to members entering the system after the significant change must be made on the basis of the defined benefit plan, as amended.

(4) The sufficiency of the plan choice rate to actuarially fund the appropriate share of the defined benefit plan's unfunded liabilities must be determined as follows:

(a) The board shall determine the number of years required to actuarially fund the defined benefit plan's unfunded liabilities as of the June 30, 1998, actuarial valuation, which must be the initial schedule for the defined contribution plan to actuarially fund the plan's share of the unfunded liabilities. The board shall reduce the schedule by 1 year each biennium.

(b) During each subsequent actuarial valuation of the defined benefit plan conducted pursuant to 19-2-405, the board shall determine whether the plan choice rate minus the amount provided in subsection (2)(a) of this section is sufficient to pay the unfunded liability obligations within the schedule determined under subsection (4)(a) of this section. If the amount is insufficient to fund the liability over a period of 10 years longer than the scheduled period or is more than sufficient to fund the liability over a period of 10 years earlier than the scheduled period, the board shall determine to the nearest 0.1% the amount of the increase or decrease in the plan choice rate that is required to actuarially fund the liabilities according to the established schedule.

(5) If the board determines that the plan choice rate should be increased or decreased, the plan choice rate under ~~19-3-2117(2)(b)~~ 19-3-2117(2)(a)(ii) must be increased or decreased accordingly. If the plan choice rate is increased, the allocation of employer contributions to member accounts under 19-3-2117(2)(a)(i) must be decreased by that amount. If the plan choice rate is decreased, the allocation of employer contributions to member accounts under 19-3-2117(2)(a)(i) must be increased by that amount.

(6) If the board determines that the contribution rate to the disability plan under ~~19-3-2117(2)(d)~~ 19-3-2117(2)(a)(iv) should be increased, the employer contribution to each member's account under 19-3-2117(2)(a)(i) must be decreased by that amount. If the board determines that the contribution rate to the disability plan under ~~19-3-2117(2)(d)~~ 19-3-2117(2)(a)(iv) should be decreased, the employer contribution to each member's account under 19-3-2117(2)(a)(i) must be increased by that amount.

(7) By November 1 of the year of a determination pursuant to this section that the allocation of employer contributions under 19-3-2117(2) must be changed, the board shall notify system members, participating employers, employee and employer organizations, the governor, and the legislature of its determination and of the changes required.

(8) Effective January 1 of the year after the regular legislative session that immediately follows a determination under this section, the plan choice rate and the allocation of contributions under 19-3-2117(2) must be adjusted according to the board's determination."

Section 42. Section 19-21-203, MCA, is amended to read:

"19-21-203. Contributions — supplemental and plan choice rate contributions. The following provisions apply to program participants not otherwise covered under 19-21-214:

(1) (a) Each program participant shall contribute an amount equal to the member's contribution required under 19-20-602.

(i) reduce the participant's contribution rate established in subsection (1) to an amount not less than 6% of the participant's earned compensation; and

(ii) increase the employer's contribution rate to an amount not greater than 6% of the participant's earned compensation.

(b) Notwithstanding the supplemental contributions required under 19-20-604 and subsection (5) of this section, the sum of the participant's contributions made under subsection (1)(a), the state's contributions made under subsection (1)(b), and the employer's contributions made under subsection (1)(c) must remain at 13% of the participant's earned compensation.

(3) The board of regents shall determine whether the participant's contribution is to be made by salary reduction under section 403(b) of the Internal Revenue Code, 26 U.S.C. 403(b), as amended, or by employer pickup under section 414(h)(2) of that code, 26 U.S.C. 414(h)(2), as amended.

(4) The disbursing officer of the employer or other official designated by the board of regents shall pay both the participant's contribution and the appropriate portion of the board of regents' contribution to the designated company or companies for the benefit of the participant.

(5) The board of regents shall make the supplemental contributions to the teachers' retirement system, as provided in 19-20-621, to discharge the obligation incurred by the Montana university system for the past service liability incurred by active, inactive, and retired members of the teachers' retirement system."

“41-5-1302. Consent adjustment without petition. (1) Before referring the matter to the county attorney and subject to the limitations in subsection (3), the *juvenile* probation officer or assessment officer may enter into a consent adjustment and give counsel and advice to the youth, the youth’s family, and other interested parties if it appears that:

(a) the admitted facts bring the case within the jurisdiction of the court;

(b) counsel and advice without filing a petition would be in the best interests of the child, the family, and the public; and

(c) the youth may be a youth in need of intervention and the *juvenile* probation officer or assessment officer believes that the parents, foster parents, physical custodian, or guardian exerted all reasonable efforts to mediate, resolve, or control the youth's behavior and the youth continues to exhibit behavior beyond the control of the parents, foster parents, physical custodian, or guardian.

(2) Any probation or other disposition imposed under this section against a youth must conform to the following procedures:

(a) Every consent adjustment must be reduced to writing and signed by the youth and the youth's parents or the person having legal custody of the youth.

(c) Approval by the youth court judge is required if the complaint alleges commission of a felony or if the youth has been or will be in any way detained.

(3) A consent adjustment without petition under this section may not be used to dispose of a youth's alleged second or subsequent offense if:

(a) the youth has admitted commission of or has been adjudicated or sentenced for a prior offense that would be a felony if committed by an adult;

(b) the second or subsequent offense would be a felony if committed by an adult and was committed within 3 years of a prior offense; or

(c) the second or subsequent offense would be a misdemeanor if committed by an adult and was committed within 3 years of a prior offense, other than a felony, unless the *juvenile* probation officer notifies the youth court and obtains written approval from the county attorney and the youth court judge.

(4) For purposes of subsection (3), related offenses committed by a youth during the same 24-hour period must be considered a single offense."

Section 71. Section 41-5-1304, MCA, is amended to read:

(f) confiscation of the youth's driver's license, if the youth has one, by the *juvenile* probation officer for a specified period of time, not to exceed 90 days. The *juvenile* probation officer shall notify the department of justice of the confiscation and its duration. The department of justice may not enter the confiscation on the youth's driving record. The *juvenile* probation officer shall

notify the department of justice when the confiscated driver's license has been returned to the youth. A youth's driver's license may be confiscated under this subsection more than once. The *juvenile* probation officer may, in the *juvenile* probation officer's discretion and with the concurrence of a parent or guardian, return a youth's confiscated driver's license before the termination of the time period for which it had been confiscated. The confiscation may not be used by an insurer as a factor in determining the premium or part of a premium to be paid for motor vehicle insurance covering the youth or a vehicle or vehicles driven by the youth, nor may it be used as grounds for denying coverage for an accident or other occurrence under an existing policy;

(g) a requirement that the youth receive counseling services;

(h) placement in a youth assessment center for up to 10 days;

(i) placement of the youth in detention for up to 3 days on a space-available basis at the county's expense, which is not reimbursable under part 19 of this chapter;

(n) any other condition ordered by the court to accomplish the goals of the consent adjustment, including but not limited to mediation or youth assessment. Before ordering youth assessment, the court shall provide the family *with* an estimate of the cost of youth assessment, and the court shall take into consideration the financial resources of the family before ordering parental or guardian contribution for the costs of youth assessment.

(2) If the youth violates a parole agreement as provided for in 52-5-126, the youth must be returned to the court for further disposition. A youth may not be placed in a state youth correctional facility under a consent adjustment.

(3) If the youth is placed in substitute care, an assessment placement, or detention requiring payment by any state department or local government agency, the court shall examine the financial ability of the youth's parents or guardians to pay a contribution covering all or part of the costs for the adjudication, disposition, supervision, care, placement, and treatment of the youth, including the costs of necessary medical, dental, and other health care."

Section 72. Section 41-5-1401, MCA, is amended to read:

(2) A petition charging a youth who is held in detention or a youth assessment center must be filed within 7 working days from the date the youth

was first taken into custody or the petition must be dismissed and the youth released unless good cause is shown to further detain the youth.

(3) If a petition is not filed under this section, the complainant and victim, if any, must be informed by the *juvenile* probation officer or assessment officer of the action and the reasons for not filing and must be advised of the right to submit the matter to the county attorney for review. The county attorney, upon receiving a request for review, shall consider the facts, consult with the *juvenile* probation officer or assessment officer, and make the final decision as to whether a petition is filed.”

Section 73. Section 41-5-1432, MCA, is amended to read:

“41-5-1432. Enforcement of restitution orders. If the court orders payment of restitution and the youth fails to pay the restitution in accordance with the payment schedule or structure established by the court or *juvenile* probation officer, the youth’s *juvenile* probation officer may, on the officer’s own motion or at the request of the victim, file a petition for violation of probation or ask the court to hold a hearing to determine whether the conditions of probation should be changed. The *juvenile* probation officer shall ask for a hearing if the restitution has not been paid prior to 60 days before the term of probation expires. The court shall schedule and hold the hearing before the youth’s term of probation expires.”

Section 74. Section 41-5-1501, MCA, is amended to read:

“41-5-1501. Consent decree with petition. (1) (a) Subject to the provisions of subsection (2), after the filing of a petition under 41-5-1402 and before the entry of a judgment, the court may, on motion of counsel for the youth or on the court’s own motion, suspend the proceedings and continue the youth under supervision under terms and conditions negotiated with probation services and agreed to by all necessary parties. The court’s order continuing the youth under supervision under this section is known as a “consent decree”. Except as provided in subsection (1)(b), the procedures used and dispositions permitted under this section must conform to the procedures and dispositions specified in 41-5-1302 through 41-5-1304 relating to consent adjustments without petition and the responsibility of the youth’s parents or guardians to pay a contribution for the costs of placement in substitute care.

(b) A youth may be placed in detention for up to 10 days on a space-available basis at the county’s expense, which is not reimbursable under part 19 of this chapter.

(2) A consent decree under this section may not be used by the court unless the youth admits guilt for a charge of an offense set forth in the petition and accepts responsibility for the youth’s actions.

(3) If the youth or the youth’s counsel objects to a consent decree, the court shall proceed to findings, adjudication, and disposition of the case.

(4) If, either prior to discharge by probation services or expiration of the consent decree, a new petition alleging that the youth is a delinquent youth or a youth in need of intervention is filed against the youth or if the youth fails to fulfill the expressed terms and conditions of the consent decree, the petition under which the youth was continued under supervision may be reinstated in the discretion of the county attorney in consultation with probation services. In the event of reinstatement, the proceeding on the petition must be continued to conclusion as if the consent decree had never been entered.

(5) A youth who is discharged by probation services or who completes a period under supervision without reinstatement of the original petition may not again be proceeded against in any court for the same offense alleged in the petition, and the original petition must be dismissed with prejudice. This subsection does not preclude a civil suit against the youth for damages arising from the youth's conduct.

(6) If the terms of the consent decree extend for a period in excess of 6 months, the *juvenile* probation officer shall at the end of each 6-month period submit a report that must be reviewed by the court.

(7) A consent decree with petition under this section may not be used to dispose of a youth's alleged second or subsequent offense if that offense would be a felony if committed by an adult or third or subsequent offense if that offense would be a misdemeanor if committed by an adult unless it is recommended by the county attorney and accepted by the youth court judge."

Section 75. Section 41-5-1511, MCA, is amended to read:

"41-5-1511. Dispositional hearing — contributions by parents or guardians for expenses. (1) As soon as practicable after a youth is found to be a delinquent youth or a youth in need of intervention, the court shall conduct a dispositional hearing. The dispositional hearing may involve a determination of the financial ability of the youth's parents or guardians to pay a contribution for the cost of the adjudication, disposition, supervision, care, commitment, and treatment of the youth as required in 41-5-1525, including the costs of necessary medical, dental, and other health care.

(2) Before conducting the dispositional hearing, the court shall direct that a youth assessment or predisposition report be made in writing by a *juvenile* probation officer or an assessment officer concerning the youth, the youth's family, the youth's environment, and other matters relevant to the need for care or rehabilitation or disposition of the case, including a statement by the victim or the victim's family. The youth court may have the youth examined, and the results of the examination must be made available to the court as part of the youth assessment or predisposition report. The court may order the examination of a parent or guardian whose ability to care for or supervise a youth is at issue before the court. The results of the examination must be included in the youth assessment or predisposition report. The youth or the youth's parents, guardian, or counsel has the right to subpoena all persons who have prepared any portion of the youth assessment or predisposition report and has the right to cross-examine the parties at the dispositional hearing.

(3) Defense counsel must be furnished with a copy of the youth assessment or predisposition report and psychological report prior to the dispositional hearing.

(4) The dispositional hearing must be conducted in the manner set forth in 41-5-1502(5) through (7). The court shall hear all evidence relevant to a proper disposition of the case best serving the interests of the youth, the victim, and the public. The evidence must include but is not limited to the youth assessment and predisposition report provided for in subsection (2) of this section.

(5) If the court finds that it is in the best interest of the youth, the youth, the youth's parents or guardian, or the public may be temporarily excluded from the hearing during the taking of evidence on the issues of need for treatment and rehabilitation."

Section 76. Section 41-5-1512, MCA, is amended to read:

“41-5-1512. Disposition of youth in need of intervention or youth who violate consent adjustments. (1) If a youth is found to be a youth in need of intervention or to have violated a consent adjustment, the youth court may enter its judgment making one or more of the following dispositions:

(a) place the youth on probation. The youth court shall retain jurisdiction in a disposition under this subsection.

(b) place the youth in a residence that ensures that the youth is accountable, that provides for rehabilitation, and that protects the public. Before placement, the sentencing judge shall seek and consider placement recommendations from the youth placement committee.

(c) commit the youth to the youth court for the purposes of placement in a private, out-of-home facility subject to the conditions in 41-5-1522. In an order committing a youth to the youth court, the court shall determine whether continuation in the youth’s own home would be contrary to the welfare of the youth and whether reasonable efforts have been made to prevent or eliminate the need for removal of the youth from the youth’s home.

(d) order restitution for damages that result from the offense for which the youth is disposed by the youth or by the person who contributed to the delinquency of the youth;

(e) require the performance of community service;

(f) require the youth, the youth’s parents or guardians, or the persons having legal custody of the youth to receive counseling services;

(g) require the medical and psychological evaluation of the youth, the youth’s parents or guardians, or the persons having legal custody of the youth;

(h) require the parents, guardians, or other persons having legal custody of the youth to furnish services the court may designate;

(i) order further care, treatment, evaluation, or relief that the court considers beneficial to the youth and the community;

(j) subject to the provisions of 41-5-1504, commit the youth to a mental health facility if, based upon the testimony of a professional person as defined in 53-21-102, the court finds that the youth is found to be suffering from a mental disorder, as defined in 53-21-102, and meets the criteria in 53-21-126(1);

(k) place the youth under home arrest as provided in Title 46, chapter 18, part 10;

(l) order confiscation of the youth’s driver’s license, if the youth has one, by the *juvenile* probation officer for a specified period of time, not to exceed 90 days. The *juvenile* probation officer shall notify the department of justice of the confiscation and its duration. The department of justice may not enter the confiscation on the youth’s driving record. The *juvenile* probation officer shall notify the department of justice when the confiscated driver’s license has been returned to the youth. A youth’s driver’s license may be confiscated under this subsection more than once. The *juvenile* probation officer may, in the *juvenile* probation officer’s discretion and with the concurrence of a parent or guardian, return a youth’s confiscated driver’s license before the termination of the time period for which it had been confiscated. The confiscation may not be used by an insurer as a factor in determining the premium or part of a premium to be paid for motor vehicle insurance covering the youth or a vehicle or vehicles driven by the youth and may not be used as grounds for denying coverage for an accident or other occurrence under an existing policy.

(m) order the youth to pay a contribution covering all or a part of the costs for adjudication, disposition, and attorney fees for the costs of prosecuting or defending the youth and costs of detention, supervision, care, custody, and treatment of the youth, including the costs of counseling;

(n) order the youth to pay a contribution covering all or a part of the costs of a victim's counseling;

(o) defer imposition of sentence for up to 45 days for a placement evaluation at a suitable program or facility with the following conditions:

(i) The court may not order placement for evaluation at a youth correctional facility of a youth who has committed an offense that would not be a criminal offense if committed by an adult or a youth who has violated a consent adjustment.

(ii) The placement for evaluation must be on a space-available basis. Except as provided in subsection (1)(o)(iii), the court shall pay the cost of the placement for evaluation from its judicial district's allocation provided for in 41-5-130 or 41-5-2012.

(iii) The court may require the youth's parents or guardians to pay a contribution covering all or a part of the costs of the evaluation if the court determines after an examination of financial ability that the parents or guardians are able to pay the contribution. Any remaining unpaid costs of evaluation are the financial responsibility of the judicial district of the court that ordered the evaluation.

(p) order placement of a youth in a youth assessment center for up to 10 days;

(q) order the youth to participate in mediation that is appropriate for the offense committed.

(2) The court may not order a local government entity to pay for care, treatment, intervention, or placement. A court may not order a local government entity to pay for evaluation and in-state transportation of a youth.

(3) The court may not order a state government entity to pay for care, treatment, intervention, placement, or evaluation that results in a deficit in the annual allocation established for that district under 41-5-130 without approval from the cost containment review panel."

 - (b) a new need-based prescription drug program established by the legislature for children, seniors, chronically ill, and disabled persons that does not supplant similar services provided under any existing program;
 - (c) increased medicaid services and medicaid provider rates. The increased revenue is intended to increase medicaid services and medicaid provider rates and not to supplant the general fund in the trended traditional level of appropriation for medicaid services and medicaid provider rates.
 - (d) an offset to loss of revenue to the general fund as a result of new tax credits;
 - (e) funding new programs to assist eligible small employers with the costs of providing health insurance benefits to eligible employees;
 - (f) the cost of administering the tax credit, the purchasing pool, and the premium incentive payments and premium assistance payments as provided in Title 33, chapter 22, part 20; and
 - (g) providing a state match for the medicaid program for premium incentive payments or premium assistance payments to the extent that a waiver is granted by federal law as provided in 53-2-216.
- ~~(4) (a) Except for \$1 million appropriated for the startup costs of 53-6-1004 and 53-6-1005, the money appropriated for fiscal year 2006 for the programs in subsections (3)(b) and (3)(d) through (3)(g) may not be expended until the office of budget and program planning has certified that \$25 million has been deposited in the account provided for in this section or December 1, 2005, whichever occurs earlier.~~
- ~~(b)(4) (a)~~ On or before July 1, the budget director shall calculate a balance required to sustain each program in subsection (3) for each fiscal year of the biennium. If the budget director certifies that the reserve balance will be sufficient, then the agencies may expend the revenue for the programs as appropriated. If the budget director determines that the reserve balance of the revenue will not support the level of appropriation, the budget director shall notify each agency. Upon receipt of the notification, the agency shall adjust the operating budget for the program to reflect the available revenue as determined by the budget director.
- ~~(e)(b)~~ Until the programs or credits described in subsections (3)(b) and (3)(d) through (3)(g) are established, the funding must be used exclusively for the purposes described in subsections (3)(a) and (3)(c).
- (5) The phrase "trended traditional level of appropriation", as used in subsection (3)(c), means the appropriation amounts, including supplemental

appropriations, as those amounts were set based on eligibility standards, services authorized, and payment amount during the past five biennial budgets.

(6) The department of public health and human services may adopt rules to implement this section.”

Section 89. Section 53-20-125, MCA, is amended to read:

“53-20-125. Outcome of screening — recommendation for commitment to residential facility or imposition of community treatment plan — hearing. (1) A court may commit a person to a residential facility or impose a community treatment plan only if the person:

(a) is 18 years of age or older; and

(b) is determined to be seriously developmentally disabled and in need of commitment to a residential facility or imposition of a community treatment plan by the residential *facility* screening team, as provided in 53-20-133, and by a court, as provided in 53-20-129 or in this section.

(2) After the screening required by 53-20-133, the residential facility screening team shall file its written recommendation and report with the court. The report must include the factual basis for the recommendation and must describe any tests or evaluation devices that have been employed in evaluating the respondent. The residential facility screening team shall provide to the court, the county attorney, the respondent’s attorney, and any other party requesting it the social and placement information that the team relied upon in making its determination.

(3) Notice of the determination of the residential facility screening team must be mailed or delivered to:

(a) the respondent;

(b) the respondent’s parents, guardian, or next of kin, if known;

(c) the responsible person;

(d) the respondent’s advocate, if any;

(e) the county attorney;

(f) the residential facility;

(g) the attorney for the respondent, if any; and

The request for a hearing must be made in writing within 15 days of service of the report.

(5) Notice of the hearing must be mailed or delivered to each of the parties listed in subsection (4).

(6) The hearing must be held before the court without jury. The rules of civil procedure apply.

(7) Upon receiving the report of the residential facility screening team and after a hearing, if one is requested, the court shall enter findings of fact and take one of the following actions:

(a) If both the residential facility screening team and the court find that the respondent is seriously developmentally disabled and in need of commitment to a residential facility, the court shall order the respondent committed to a residential facility for an extended course of treatment and habilitation.

(b) If both the residential facility screening team and the court find that the respondent is seriously developmentally disabled but either the residential facility screening team or the court finds that a less restrictive community treatment plan has been proposed, the court may impose a community treatment plan that meets the conditions set forth in 53-20-133(4). If the court finds that a community treatment plan proposed by the parties or recommended by the residential facility screening team does not meet the conditions set forth in 53-20-133(4), it may order the respondent committed to a residential facility. The court may not impose a community treatment plan unless the residential facility screening team certifies that all services in the proposed plan meet the conditions of 53-20-133(4)(c) and (4)(d).

(c) If either the residential facility screening team or the court finds that the respondent has a developmental disability but is not seriously developmentally disabled, the court shall dismiss the petition and refer the respondent to the department of public health and human services to be considered for placement in voluntary community-based services according to 53-20-209.

(d) If either the residential facility screening team or the court finds that the respondent does not have a developmental disability or is not in need of developmental disability services, the court shall dismiss the petition.

(8) (a) If the residential facility screening team recommends commitment to a residential facility or imposition of a community treatment plan and none of the parties notified of the recommendation request a hearing within 15 days of service of the screening team's report, the court may:

(i) issue an order committing the respondent to the residential facility for an extended period of treatment and habilitation;

(ii) issue an order imposing a community treatment plan that the court finds meets the conditions set forth in 53-20-133(4); or

(iii) initiate its own inquiry as to whether an order should be granted.

(b) The court may not impose a community treatment plan unless the residential facility screening team certifies that all services in the proposed plan meet the conditions in 53-20-133(4)(c) and (4)(d).

(9) The court may refuse to authorize commitment of a respondent to a residential facility for an extended period of treatment and habilitation if commitment is not in the best interests of the respondent.

(10) A court order entered in a proceeding under this part must be provided to the residential facility screening team."

Section 90. Section 53-20-128, MCA, is amended to read:

"53-20-128. Recommitment — extension of community treatment plan. (1) The qualified mental retardation professional responsible for a resident's habilitation or the case manager responsible for habilitation of a person under a community treatment plan may request that the county

(2) A petition for recommitment or extension must be filed with the district court before the end of the current period of commitment or the expiration of the order imposing the current community treatment plan.

(3) A petition for recommitment or extension of a community treatment plan must be accompanied by a written report containing the recommendation of the qualified mental retardation professional or case manager and a summary of the current habilitation plan or community treatment plan for the respondent.

(4) The petition must be reviewed in accordance with 53-20-133 by the residential facility screening team.

(5) Copies of the petition for recommitment and the report of the qualified mental retardation professional or case manager must be sent to:

- (g) the resident's advocate, if any.

(6) The provisions of 53-20-125 apply to a petition for recommitment or extension of an order imposing a community treatment plan.

(7) If either the court or the residential facility screening team finds that the respondent has been placed voluntarily in community-based services or that the need for developmental disabilities services no longer exists, the court shall dismiss the petition.

(8) The court may not order recommitment to a residential facility that does not have an individualized habilitation plan for the resident.

(9) The court may not extend an order imposing a community treatment plan unless the residential facility screening team certifies that all services in the proposed plan meet the conditions set forth in 53-20-133(4)(c) and (4)(d)."

Section 91. Section 53-20-133, MCA, is amended to read:

"53-20-133. Residential facility screening team — referral by court — membership — rules. (1) When the district court receives a petition for commitment to a residential facility or for imposition of a community treatment plan under this part, the court, prior to proceeding, shall refer the respondent to the residential facility screening team for screening to determine whether commitment to a residential facility or imposition of a community treatment plan is appropriate for the respondent.

(2) A court may not commit a respondent to a residential facility or impose a community treatment plan under 53-20-125, 53-20-128, or 53-20-129 unless the residential facility screening team determines that commitment to a residential facility or imposition of a community treatment plan is appropriate for the respondent.

(3) The residential facility screening team may not determine that commitment to a residential facility or imposition of a community treatment

plan is appropriate on an extended basis unless the residential facility screening team determines that the respondent is seriously developmentally disabled.

(4) The residential facility screening team may not recommend ~~commitment to~~ *imposition of* a community treatment plan unless it finds that the proposed plan:

(a) provides adequate assurances of safety from the consequences of the behaviors of the respondent for both the respondent and the community;

(b) provides effective habilitation services for the respondent's developmental disability;

(c) is funded from public or private sources that are identified, committed, and available to pay for all of the proposed services to the respondent; and

(d) ensures services from identified, qualified providers that are committed and available to provide all of the proposed services to the respondent.

(5) For purposes of this part, the department of public health and human services shall adopt rules providing for the membership and terms of the members of the residential facility screening team and setting forth the criteria and procedures to govern the determinations made by the residential facility screening team."

The numbering system for dealer plates must contain the distinctive license number assigned by the department to a dealer and a number or alphanumeric *identification mark* that relates to the assignment of sets of dealer plates to a dealer. The numbering system for demonstrator plates may be sequential and unrelated to the number of demonstrator plates or the distinctive license number assigned to a dealer, wholesaler, or auto auction.

(c) Dealer, demonstrator, and courtesy plates issued under this part must be replaced on the same cycle that is required for standard license plates under 61-3-332.

Each identification card must include the dealer's name and address and the license number assigned by the department to the dealer and must designate the type of power sports vehicle for which its use is authorized, such as a motorboat or personal watercraft, snowmobile, or off-highway vehicle.

(b) The department may use the same numbering system for identification cards as it uses for demonstrator plates.

(3) (a) Upon issuance of a license to a dealer whose business includes the sale of motorboats or personal watercraft, snowmobiles, or off-highway vehicles, the department shall furnish identification cards to a dealer as follows:

(i) for a dealer who sells motorboats or personal watercraft, one identification card;

(ii) for a dealer who sells snowmobiles, two identification cards; and

Section 93. Section 69-8-419, MCA, is amended to read:

"69-8-419. Electricity supply resource planning and procurement — duties of public utility — objectives — commission rules. (1) The public utility shall:

(a) plan for future electricity supply resource needs;

(b) manage a portfolio of electricity supply resources; and

(c) procure new electricity supply resources when needed.

(2) The public utility shall pursue the following objectives in fulfilling its duties pursuant to subsection (1):

(a) provide adequate and reliable electricity supply service at the lowest long-term total cost;

(b) conduct an efficient electricity supply resource planning and procurement process that evaluates the full range of cost-effective electricity supply and demand-side management options;

(c) identify and cost-effectively manage and mitigate risks related to its obligation to provide electricity supply service;

(d) use open, fair, and competitive procurement processes whenever possible; and

(e) provide electricity supply service and related services at just and reasonable rates.

(3) By March 31, 2008, the commission shall adopt rules that guide the electricity supply resource planning and procurement processes used by the public utility and facilitate the achievement of the objectives in subsection (2) by the public utility. The rules must establish:

(a) goals, objectives, and guidelines that are consistent with the objectives in subsection (2) for:

(i) planning for future electricity supply resource needs;

(ii) managing the portfolio of electricity supply resources; and

(iii) procuring new electricity supply resources;

(b) standards for the evaluation by the commission of the reasonableness of a power supply purchase agreement proposed by the public utility; and

(c) minimum filing requirements for an application by the public utility for approval of an electricity supply resource.”

Section 94. Section 69-8-421, MCA, is amended to read:

“69-8-421. Approval of electricity supply resources. (1) A public utility that removed its generation assets from its rate base pursuant to this chapter prior to October 1, 2007, may apply to the commission for approval of an electricity supply resource that is not yet procured.

(2) Within 45 days of the public utility’s submission of an application for approval, the commission shall determine whether or not the application is adequate and in compliance with the commission’s minimum filing requirements. If the commission determines that the application is inadequate, it shall explain the deficiencies.

(3) The commission shall issue an order within 180 days of receipt of an adequate application for approval of a power purchase agreement from an existing generating resource unless it determines that extraordinary circumstances require additional time.

(4) (a) Except as provided in subsections (4)(b) through (4)(d), the commission shall issue an order within 270 days of receipt of an adequate application for approval of a lease, an acquisition of an equity interest in a new or existing plant or equipment used to generate electricity, or a power purchase agreement for which approval would result in construction of a new electric generating resource. The commission may extend the time limit up to an additional 90 days if it determines that extraordinary circumstances require it.

(b) If an air quality permit pursuant to Title 75, chapter 2, is required for a new electrical generation resource or a modification to an existing resource, the commission shall hold the public hearing on the application for approval at least 30 days after the issuance of the final air quality permit.

(c) If a final air quality permit is not issued within the time limit pursuant to subsection (4)(a), the commission shall extend the time limit in order to comply with subsection (4)(b).

(d) The commission may extend the time limit for issuing an order for an additional 60 days following the hearing pursuant to subsection (4)(b).

(5) To facilitate timely consideration of an application, the commission may initiate proceedings to evaluate planning and procurement activities related to a potential resource procurement prior to the public utility's submission of an application for approval.

(6) (a) The commission may approve or deny, in whole or in part, an application for approval of an electricity supply resource.

(b) The commission may consider all relevant information known up to the time that the administrative record in the proceeding is closed in the evaluation of an application for approval.

(c) A commission order granting approval of an application must include the following findings:

(i) approval, in whole or in part, is in the public interest; and

(ii) procurement of the electricity supply resource is consistent with the requirements in 69-3-201, the objectives in 69-8-419, and commission rules.

(d) The commission order may include a provision for allowable generation assets cost of service when the utility has filed an application for the lease or acquisition of an equity interest in a plant or equipment used to generate electricity.

(e) When issuing an order for the acquisition of an equity interest or lease in a facility or equipment that is constructed after January 1, 2007, and that is used to generate electricity that is primarily fueled by natural or synthetic gas, the commission shall require the applicant to implement cost-effective carbon offsets. Expenditures required for cost-effective carbon offsets pursuant to this subsection (6)(e) are fully recoverable in rates. By March 31, 2008, the commission shall adopt rules for the implementation of this subsection (6)(e).

(f) The commission order may include other findings that the commission determines are necessary.

(g) A commission order that denies approval must describe why the findings required in subsection (6)(c) could not be reached.

(7) Notwithstanding any provision of this chapter to the contrary, if the commission has issued an order containing the findings required under subsection (6)(c), the commission may not subsequently disallow the recovery of costs related to the approved electricity supply resource based on contrary findings.

(8) Until the state or federal government has adopted uniformly applicable statewide standards for the capture and sequestration of carbon dioxide, the commission may not approve an application for the acquisition of an equity interest or lease in a facility or equipment used to generate electricity that is primarily fueled by coal and that is constructed after January 1, 2007, unless the facility or equipment captures and sequesters a minimum of 50% of the carbon dioxide produced by the facility. Carbon dioxide captured by a facility or equipment may be sequestered offsite from the facility or equipment.

(9) Nothing limits the commission's ability to subsequently, in any future rate proceeding, inquire into the manner in which the public utility has managed, dispatched, operated, or maintained any resource or managed any power supply purchase agreement as part of its overall resource portfolio. The commission may subsequently disallow rate recovery for the costs that result from the failure of a public utility to reasonably manage, dispatch, operate, maintain, or administer electricity supply resources in a manner consistent with 69-3-201, 69-8-419, and commission rules.

(10) The commission may engage independent engineering, financial, and management consultants or advisory services to evaluate a public utility's electricity supply resource procurement plans and proposed electricity supply resources. The consultants must have demonstrated knowledge and experience with electricity supply procurement and resource portfolio management, modeling, risk management, and engineering practices. The commission shall charge a fee to the public utility to pay for the costs of consultants or advisory services. These costs are recoverable in rates.

(11) By March 31, 2008, the commission shall adopt rules prescribing minimum filing requirements for applications filed pursuant to this part."

(c) An owner or operator who complies with subsection (2)(b) may construct, install, or use equipment necessary to complete or operate an oil or gas well facility without a permit until the department's decision on the application is final. If the owner or operator does not comply with subsection (2)(b), the owner or operator may not operate the oil or gas well facility and is liable for a violation of this section for every day of construction, installation, or operation of the facility.

(d) The board shall adopt rules establishing air emission control requirements applicable to an oil or gas well facility during the time from the initial well completion date until the department's decision on the application is final.

(e) The provisions of subsections (2)(b) and (2)(c) do not apply to an oil or gas well facility subject to the federal air permitting provisions of 42 U.S.C. 7475 or 7503.

(3) The permit program administered by the department pursuant to this section must include the following:

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-205(4) and 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application:

(i) within 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(ii) within 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement; or

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, within 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, is not subject to the provisions of 75-2-215, and is not subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or ~~7661~~ 7661a, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application, except as provided in subsection (14).

(e) If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall prepare a single environmental review document pursuant to Title 75, chapter 1, for the permit required under this section and the license or permit required under 75-10-221 or 75-10-406 and act on the applications within the time period provided for in 75-2-215(3)(e).

(f) The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department upon the request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(g) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision. An affidavit setting forth the grounds for the request must be filed within 30 days after the department renders its decision. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) (a) The department's decision on the application is not final until 15 days have elapsed from the date of the decision.

(b) The filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for hearing, that:

(i) the person requesting the stay is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the stay.

(c) Upon granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(12) The board shall provide, by rule, a period of 30 days in which the public may submit comments on draft air quality permits for applications that:

(a) are subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or ~~7661~~ 7661a;

- (b) are subject to the requirements of 75-2-215; or
- (c) require the preparation of an environmental impact statement.

(13) The board shall provide, by rule, a period of 15 days in which the public may submit comments on draft air quality permits not subject to subsection (12).

(14) The board shall provide, by rule, the basis upon which the department may extend by 15 days:

(a) the period as provided in subsection (13) in which the public may submit comments on draft air quality permits not subject to subsection (12); and

(b) the period for notifying an applicant of its final decision on approval or denial of an application, as provided in subsection (9)(b).

(15) (a) The board may adopt rules for issuance, modification, suspension, revocation, renewal, or creation of:

- (i) general permits covering multiple similar sources; or
- (ii) other permits covering multiple similar sources.

(b) Rules adopted pursuant to subsection (15)(a) may provide for construction and operation under the permit upon authorization by the department or upon notice to the department.”

The payment of taxes for the current tax year is not a redemption of the property tax lien for any delinquent tax year.

(b) A payment by a co-owner of an undivided ownership interest that is subject to a separate assessment otherwise meeting the requirements of subsection (5)(a) is not a partial payment.

(6) The penalty and interest on delinquent assessment payments for specific parcels of land may be waived by resolution of the city council. A copy of the resolution must be certified to the county treasurer.

(7) If the department revises an assessment that results in an additional tax of \$5 or less, an additional tax is not owed and a new tax bill does not need to be prepared.

(8) The county treasurer may accept a partial payment of centrally assessed property taxes as provided in 76-3-207.”

CHAPTER NO. 8

[SB 2]

AN ACT REVISING THE DEADLINE FOR THE SUBMISSION OF THE BUDGET FOR THE CONSOLIDATED LEGISLATIVE BRANCH TO THE OFFICE OF BUDGET AND PROGRAM PLANNING; AMENDING SECTIONS 17-7-111 AND 17-7-112, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-7-111, MCA, is amended to read:

“17-7-111. Preparation of state budget — agency program budgets — form distribution and contents. (1) (a) To prepare a state budget, the executive branch, the legislature, and the citizens of the state need information that is consistent and accurate. Necessary information includes detailed disbursements by fund type for each agency and program for the appropriate time period, recommendations for creating a balanced budget, and recommended disbursements and estimated receipts by fund type and fund category.

(b) Subject to the requirements of this chapter, the budget director and the legislative fiscal analyst shall by agreement:

(i) establish necessary standards, formats, and other matters necessary to share information between the agencies and to ensure that information is consistent and accurate for the preparation of the state’s budget; and

(ii) provide for the collection and provision of budgetary and financial information that is in addition to or different from the information otherwise required to be provided pursuant to this section.

(2) In the preparation of a state budget, the budget director shall, not later than the date specified in 17-7-112(1), distribute to all agencies the proper forms and instructions necessary for the preparation of budget estimates by the budget director. These forms must be prescribed by the budget director to procure the information required by subsection (3). The forms must be submitted to the budget director by the date provided in 17-7-112(2)(a) or the agency’s budget is subject to preparation based upon estimates as provided in 17-7-112(5). The budget director may refuse to accept forms that do not comply with the provisions of this section or the instructions given for completing the forms.

(3) The agency budget request must set forth a balanced financial plan for the agency completing the forms for each fiscal year of the ensuing biennium. The plan must consist of:

(a) a consolidated agency budget summary of funds subject to appropriation or enterprise funds that transfer profits to the general fund or to an account subject to appropriation for the current base budget expenditures, including statutory appropriations, and for each present law adjustment and new proposal request setting forth the aggregate figures of the full-time equivalent personnel positions (FTE) and the budget, showing a balance between the total proposed disbursements and the total anticipated receipts, together with the other means of financing the budget for each fiscal year of the ensuing biennium, contrasted with the corresponding figures for the last-completed fiscal year and the fiscal year in progress;

(b) a schedule of the actual and projected receipts, disbursements, and solvency of each fund for the current biennium and estimated for the subsequent biennium;

(c) a statement of the agency mission and a statement of goals and objectives for each program of the agency. The goals and objectives must include, in a concise form, sufficient specific information and quantifiable information to enable the legislature to formulate an appropriations policy regarding the agency and its programs and to allow a determination, at some future date, on whether the agency has succeeded in attaining its goals and objectives.

(d) actual FTE and disbursements for the completed fiscal year of the current biennium, estimated FTE and disbursements for the current fiscal year, and the agency's request for the ensuing biennium, by program;

(e) actual disbursements for the completed fiscal year of the current biennium, estimated disbursements for the current fiscal year, and the agency's recommendations for the ensuing biennium, by disbursement category;

(f) for only agencies with more than 20 FTE, a plan to reduce the proposed base budget for the general appropriations act and the proposed state pay plan to 95% of the current base budget or lower if directed by the budget director. Each agency plan must include base budget reductions that reflect the required percentage reduction by fund type for the general fund and state special revenue fund types. Exempt from the calculations of the 5% target amounts are legislative audit costs, administratively attached entities that hire their own staff under 2-15-121, and state special revenue accounts that do not transfer their investment earnings or fund balances to the general fund. The plan must include:

(i) a prioritized list of services that would be eliminated or reduced;

(ii) for each service included in the prioritized list, the savings that would result from the elimination or reduction; and

(iii) the consequences or impacts of the proposed elimination or reduction of each service.

(g) a reference for each new information technology proposal stating whether the new proposal is included in the approved agency information technology plan as required in 2-17-523; and

(h) other information the budget director feels is necessary for the preparation of a budget.

(4) The budget director shall prepare and submit to the legislative fiscal analyst in accordance with 17-7-112:

(a) detailed recommendations for the state long-range building program. Each recommendation must be presented by institution, agency, or branch, by funding source, with a description of each proposed project.

(b) a statewide project budget summary as provided in 2-17-526;

(c) the proposed pay plan schedule for all executive branch employees at the program level by fund, with the specific cost and funding recommendations for each agency. Submission of a pay plan schedule under this subsection is not an unfair labor practice under 39-31-401.

[HB 90]

AN ACT TO INCLUDE LLAMAS AS ANIMALS FOR WHICH MONTANA LIVESTOCK PRODUCERS ARE ELIGIBLE FOR COVERAGE FOR LOSSES CAUSED BY WOLVES; AMENDING SECTION 2-15-3112, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-15-3112, MCA, is amended to read:

“2-15-3112. Livestock loss mitigation program — definitions. The livestock loss reduction and mitigation board shall establish and administer a program to reimburse livestock producers for livestock losses caused by wolves, subject to the following provisions:

(1) The board shall establish eligibility requirements for reimbursement, which must provide that all Montana livestock producers are eligible for coverage for losses by wolves to cattle, swine, horses, mules, sheep, goats, *llamas*, and livestock guard animals on state, federal, and private land and on tribal land that is eligible through agreement pursuant to 2-15-3113(2).

(2) Confirmed and probable livestock losses must be reimbursed at an amount not to exceed fair market value as determined by the board.

(3) Other losses may be reimbursed at rates determined by the board.

(4) A claim process must be established to be used when a livestock producer suffers a livestock loss for which wolves may be responsible. The claim process must set out a clear and concise method for documenting and processing claims for reimbursement for livestock losses.

(5) A process must be established to allow livestock producers to appeal reimbursement decisions. A producer may appeal a staff adjuster’s decision by notifying the staff adjuster and the board in writing, stating the reasons for the appeal and providing documentation supporting the appeal. If the documentation is incomplete, the board or a producer may consult with the U.S. department of agriculture wildlife services to complete the documentation. The board may not accept any appeal on the question of whether the loss was or was not a confirmed or probable loss because that final determination lies solely with the U.S. department of agriculture wildlife services and may not be changed by the board. The board shall hold a hearing on the appeal within 90 days of receipt of the written appeal, allowing the staff adjuster and the producer to present their positions. A decision must be rendered by the board within 30 days after the hearing. The producer must be notified in writing of the board’s decision.

(6) As used in this section, the following definitions apply:

(a) “Confirmed” means reasonable physical evidence that livestock was actually attacked or killed by a wolf, including but not limited to the presence of bite marks indicative of the spacing of canine tooth punctures of wolves and associated subcutaneous hemorrhaging and tissue damage indicating that the attack occurred while the animal was alive, feeding patterns on the carcass, fresh tracks, scat, hair rubbed off on fences or brush, eyewitness accounts, or

other physical evidence that allows a reasonable inference of wolf predation on an animal that has been largely consumed.

(b) "Fair market value" means:

(i) for commercial sheep more than 1 year old, the average price of sheep of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(ii) for commercial lambs, the average market weaning value;

(iii) for registered sheep, the average price paid to the specific breeder for sheep of similar age and sex during the past year at public or private sales for that registered breed;

(iv) for commercial cattle more than 1 year old, the average price of cattle of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(v) for commercial calves, the average market weaning value;

(vi) for registered cattle, the average price paid to the owner for cattle of similar age and sex during the past year at public or private sales for that registered breed;

(vii) for other registered livestock, the average price paid to the producer at public or private sales for animals of similar age and sex. A producer may provide documentation that a registered animal has a fair market value in excess of the average price, in which case the board shall seek additional verification of the value of the animal from independent sources. If the board determines that the value of that animal is greater than the average price, then the increased value must be accepted as the fair market value for that animal.

(viii) for other livestock, the average price paid at the most recent public auction for the type of animal lost or the replacement price as determined by the board.

(c) "Probable" means the presence of some evidence to suggest possible predation but a lack of sufficient evidence to clearly confirm predation by a particular species. A kill may be classified as probable depending on factors including but not limited to recent confirmed predation by the suspected depredating species in the same or a nearby area, recent observation of the livestock by the owner or the owner's employees, and telemetry monitoring data, sightings, howling, or fresh tracks suggesting that the suspected depredating species may have been in the area when the depredation occurred."

(1) (a) Except as provided in subsection (5), if a state agency is the employer, the terms, conditions, and provisions of compensation plan No. 3, state fund, are exclusive, compulsory, and obligatory upon both employer and employee. Any sums necessary to be paid under the provisions of this chapter by a state agency are considered to be ordinary and necessary expenses of the agency. The agency shall pay the sums into the state fund at the time and in the manner provided for in this chapter, notwithstanding that the state agency may have failed to anticipate the ordinary and necessary expense in a budget, estimate of expenses, appropriations, ordinances, or otherwise.

(b) (i) *Subject to subsection (5), the department of administration, provided for in 2-15-1001, shall manage workers' compensation insurance coverage for all state agencies.*

(ii) *The state fund shall provide the department of administration with all information regarding the state agencies' coverage.*

(iii) *Notwithstanding the status of a state agency as employer in subsection (1)(a) and contingent upon mutual agreement between the department of administration and the state fund, the state fund shall issue one or more policies for all state agencies.*

(2) A public corporation, other than a state agency, may elect coverage under compensation plan No. 1, plan No. 2, or plan No. 3, separately or jointly with any other public corporation, other than a state agency. A public corporation electing compensation plan No. 1 may purchase reinsurance or issue bonds or notes pursuant to subsection (3)(b). A public corporation electing compensation plan No. 1 is subject to the same provisions as a private employer electing compensation plan No. 1.

(3) (a) A public corporation, other than a state agency, that elects plan No. 1 may establish a fund sufficient to pay the compensation and benefits provided for in this chapter and to discharge all liabilities that are reasonably incurred during the fiscal year for which the election is effective. The bonds and notes must be authorized by resolution of the governing body of the public corporation and are payable from an annual property tax levied in the amount necessary to pay principal and interest on the bonds or notes. This authority to levy an annual property tax exists despite any provision of law or maximum levy limitation, including 15-10-420, to the contrary. The revenue derived from the sale of the bonds and notes may not be used for any other purpose.

(ii) The bonds and notes:

(iv) The fund established from the proceeds of bonds and notes issued and sold under this subsection (3)(b) may, if sufficient, be used in lieu of a surety bond, reinsurance, specific and aggregate excess insurance, or any other form of additional security necessary to demonstrate the public corporation's ability to discharge all liabilities as provided in subsection (3)(a). Subject to the total assessed value limitation in subsection (3)(b)(i), a public corporation may issue bonds and notes to establish a fund sufficient to discharge liabilities for periods greater than 1 year.

(4) All money in the fund established under subsection (3)(a) not needed to meet immediate expenditures must be invested by the governing body of the public corporation or the joint board created by two or more public corporations as provided in subsection (3)(b)(iii), and all proceeds of the investment must be credited to the fund.

The reasonable necessity must be written in plain, easily understood language.

(b) The agency shall state in the proposal notice the date on which and the manner in which ~~notification was given to~~ *contact was made with* the primary sponsor as required in subsection (2)(d). If the notification to the primary sponsor was given by mail, the date stated in the proposal notice must be the date on which the notification was mailed by the agency. If the proposal notice

fails to state the date on which and the manner in which the primary sponsor was ~~notified~~ *contacted*, the filing of the proposal notice under subsection (2)(a) is ineffective for the purposes of this part and for the purposes of the law that the agency cites in the proposal notice as the authority for the proposed action.

(c) If the agency proposes to adopt, increase, or decrease a monetary amount that a person shall pay or will receive, such as a fee, cost, or benefit, the notice must include an estimate, if known, of:

(i) the cumulative amount for all persons of the proposed increase, decrease, or new amount; and

(ii) the number of persons affected.

(2) (a) The proposal notice must be filed with the secretary of state for publication in the register, as provided in 2-4-312. Within 3 days of publication, a copy of the published proposal notice must be sent to interested persons who have made timely requests to the agency to be informed of its rulemaking proceedings, and to the office of any professional, trade, or industrial society or organization or member of those entities who has filed a request with the appropriate administrative rule review committee when the request has been forwarded to the agency as provided in subsection (2)(b). Each agency shall create and maintain a list of interested persons and the subject or subjects in which each person on the list is interested. A person who submits a written comment or attends a hearing in regard to proposed agency action under this part must be informed of the list by the agency. An agency complies with this subsection if it includes in the proposal notice an advisement explaining how persons may be placed on the list of interested persons and if it complies with subsection (7).

(b) The appropriate administrative rule review committee shall forward a list of all organizations or persons who have submitted a request to be informed of agency actions to the agencies that the committee oversees that publish rulemaking notices in the register. The list must be amended by the agency upon request of any person requesting to be added to or deleted from the list.

(c) The proposal notice required by subsection (1) must be published at least 30 days in advance of the agency's proposed action. The agency shall post the proposal notice on a state electronic access system or other electronic communications system available to the public.

(d) (i) When an agency begins to work on the substantive content and the wording of a proposal notice for a rule that initially implements legislation, the agency shall ~~notify~~ *contact, as provided in subsection (8)*, the legislator who was the primary sponsor of the legislation to:

(A) *obtain the legislator's comments;*

(B) *inform the legislator of the known dates by which each step of the rulemaking process must be completed; and*

(C) *provide the legislator with information about the time periods during which the legislator may comment on the proposed rules, including the opportunity to provide comment to the appropriate administrative rule review committee.*

(ii) If the legislation affected more than one program, ~~notice must be given to~~ the primary sponsor *must be contacted* pursuant to this subsection (2)(d) each time that a rule is being proposed to initially implement the legislation for a program.

(ii)(iii) Within 3 days after a proposal notice covered under subsection (2)(d)(i) has been published as required in subsection (2)(a), a copy of the published notice must be sent to the primary sponsor ~~notified~~ *contacted* under *this* subsection (2)(d)(i).

(3) If a statute provides for a method of publication different from that provided in subsection (2), the affected agency shall comply with the statute in addition to the requirements contained in this section. However, the notice period may not be less than 30 days or more than 6 months.

(4) Prior to the adoption, amendment, or repeal of any rule, the agency shall afford interested persons at least 20 days' notice of a hearing and at least 28 days from the day of the original notice to submit data, views, or arguments, orally or in writing. If an amended or supplemental notice is filed, additional time may be allowed for oral or written submissions. In the case of substantive rules, the notice of proposed rulemaking must state that opportunity for oral hearing must be granted if requested by either 10% or 25, whichever is less, of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency, by the appropriate administrative rule review committee, or by an association having not less than 25 members who will be directly affected. If the proposed rulemaking involves matters of significant interest to the public, the agency shall schedule an oral hearing.

(5) An agency may continue a hearing date for cause. In the discretion of the agency, contested case procedures need not be followed in hearings held pursuant to this section. If a hearing is otherwise required by statute, nothing in this section alters that requirement.

(6) If an agency fails to publish a notice of adoption within the time required by 2-4-305(7) and the agency again proposes the same rule for adoption, amendment, or repeal, the proposal must be considered a new proposal for purposes of compliance with this chapter.

(7) At the commencement of a hearing on the intended action, the person designated by the agency to preside at the hearing shall:

(a) read aloud the "Notice of Function of Administrative Rule Review Committee" appearing in the register; and

(b) inform the persons at the hearing of the provisions of subsection (2)(a) and provide them an opportunity to place their names on the list.

(8) (a) For purposes of ~~notifying~~ *contacting* primary sponsors under subsections (2)(a) and (2)(d) ~~who are no longer members of the legislature~~, a *current* or former legislator who wishes to receive notice ~~may~~ *shall* keep the *current* or former legislator's name, address, e-mail address, and telephone number on file with the secretary of state. *The secretary of state shall update the contact information whenever the secretary of state receives corrected information from the legislator.* An agency proposing rules shall consult the register when providing sponsor ~~notice~~ *contact*.

(b) *An agency has complied with the primary bill sponsor contact requirements of this section when the agency has attempted to reach the primary bill sponsor at the legislator's address, e-mail address, and telephone number on file with the secretary of state pursuant to subsection (8)(a).*"

Section 3. Section 2-4-305, MCA, is amended to read:

"2-4-305. Requisites for validity — authority and statement of reasons. (1) (a) The agency shall fully consider written and oral submissions respecting the proposed rule, *including comments submitted by the primary*

sponsor of the legislation prior to the drafting of the substantive content and wording of a proposed rule that initially implements legislation.

(b) (i) Upon adoption of a rule, an agency shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement the reasons for overruling the considerations urged against its adoption. If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is printed in the register, the differences must be described in the statement of reasons for and against agency action. When written or oral submissions have not been received, an agency may omit the statement of reasons.

(ii) *If an adopted rule that initially implements legislation does not reflect the comments submitted by the primary sponsor, the agency shall provide a statement explaining why the sponsor's comments were not incorporated into the adopted rule.*

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference must clearly indicate the portion of the language that is statutory and the portion that is an amplification of the language.

(3) Each proposed and adopted rule must include a citation to the specific grant of rulemaking authority pursuant to which the rule or any part of the rule is adopted. In addition, each proposed and adopted rule must include a citation to the specific section or sections in the Montana Code Annotated that the rule purports to implement. A substantive rule may not be proposed or adopted unless:

(a) a statute granting the agency authority to adopt rules clearly and specifically lists the subject matter of the rule as a subject upon which the agency shall or may adopt rules; or

(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this section,

stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency's notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section and unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules. An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(9) If a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, the proposal notice may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the committee's notification to the agency must be included in the committee's records."

Section 4. Section 2-4-312, MCA, is amended to read:

"2-4-312. Publication and arrangement of register. (1) The secretary of state shall publish in the register all notices, rules, and interpretations filed with the secretary of state at least once a month but not more often than twice a month.

(2) The secretary of state shall send the register without charge to each person listed in 2-4-313(1) and to each member of the legislature requesting the register. The secretary of state shall send the register to any other person who pays a subscription fee, which must be established and deposited in accordance with 2-15-405. The register must be sent in electronic format unless a hard copy is requested.

(3) The register must contain three sections, *including* a rules section, a notice section, and an interpretation section, as follows:

(a) The rules section of the register must contain all rules filed since the compilation and publication of the preceding issue of the register, together with the ~~concise statement of reasons~~ *statements* required under 2-4-305(1).

(b) The notice section of the register must contain all rulemaking notices filed with the secretary of state pursuant to 2-4-302 since the compilation and publication of the preceding register.

(c) The interpretation section of the register must contain all opinions of the attorney general and all declaratory rulings of agencies issued since the publication of the preceding register.

(4) Each issue of the register must contain the issue number and date of the register and a table of contents. Each page of the register must contain the issue number and date of the register of which it is a part. The secretary of state may include with the register information to help the user in relating the register to the ARM.”

(2) “Base period” means the first 4 of the last 5 completed calendar quarters immediately preceding the first day of an individual’s benefit year. However, in the case of a combined-wage claim pursuant to the arrangement approved by the secretary of labor of the United States, the base period is the period applicable under the unemployment law of the paying state. A subsequent benefit year may not be established *in Montana* until the expiration of the current benefit year. However, in the case of a combined-wage claim pursuant to the arrangement approved by the secretary of labor of the United States, the ~~base period~~ *benefit year* is the period applicable under the unemployment law of the paying state.

(4) "Benefits" means the money payments payable to an individual, as provided in this chapter, with respect to the individual's unemployment.

(5) "Board" means the board of labor appeals provided for in Title 2, chapter 15, part 17.

All individuals performing services within this state for any employing unit that maintains two or more separate establishments within this state are considered to be employed by a single employing unit for all the purposes of this chapter. Each individual employed to perform or assist in performing the work of any agent or employee of an employing unit is considered to be employed by the employing unit for the purposes of this chapter, whether the individual was hired or paid directly by the employing unit or by the agent or employee, provided that the employing unit has actual or constructive knowledge of the work.

“39-51-1213. Classification of employers for experience rating purposes. (1) The department shall for each calendar year classify employers in accordance with their actual experience in the payment of contributions and

with respect to benefits charged against their accounts, with contribution rates reflecting benefit experience. Each employer's rate for a calendar year must be determined on the basis of the employer's record as of October 1 of the preceding calendar year.

(2) In making the classification, each eligible and deficit employer's contribution rate is determined in the manner set forth below:

(a) Each employer is given an "experience factor", which is contributions paid since October 1, 1981, minus benefits charged on each employer's account since October 1, 1981, divided by the employer's average annual taxable payroll rounded to the next lower dollar amount for the 3 *federal* fiscal years immediately preceding the computation date. The computation of the "experience factor" must be to six decimal places.

(b) Schedules must be prepared listing all eligible and deficit employers in inverse numerical order of their experience factors. There must be listed on the schedules for each employer in addition to the experience factor:

(i) the amount of the employer's taxable payroll for the *federal* fiscal year ending on the computation date; and

(ii) the cumulative total consisting of the sum of the employer's taxable payroll for the *federal* fiscal year ending on the computation date and the corresponding taxable payrolls for all other employers preceding that employer on the schedules.

(3) The cumulative taxable payroll amounts listed on the schedules provided for in 39-51-1218 must be segregated into groups that will yield approximately the average tax rate according to the tax schedule assigned for that particular taxable year. Each group must be identified by the rate class number listed in the table that represents the percentage limits of each group. Each employer on the schedules is assigned that contribution rate opposite that employer's rate class for the tax schedule in effect for the taxable year.

(4) (a) If the grouping of rate classes requires the inclusion of exactly one-half of an employer's taxable payroll, the employer is assigned the lower of the two rates designated for the two classes in which the halves of that employer's taxable payroll are required.

(b) If the group of rate classes requires the inclusion of a portion other than exactly one-half of an employer's taxable payroll, the employer is assigned the rate designated for the class in which the greater part of that employer's taxable payroll is required.

(c) If one or more employers on the schedules have experience factors identical to that of the last employer included in a particular rate class, ~~all such~~ *those* employers are included in and assigned the contribution rate specified for the class, notwithstanding the provisions of 39-51-1214.

(5) If the taxable payroll amount, the experience factor, or both of any eligible or deficit employer listed on the schedules is changed, the employer is placed in that position on the schedules that the employer would have occupied had that employer's taxable payroll amount or experience factor as changed been used in determining that employer's position in the first instance. However, the change does not affect the position or rate classification of any other employer listed on the schedules and does not affect the rate determination for previous years.

(6) An employer who has not filed all required payroll reports or paid all taxes, penalties, and interest due by the cutoff date must be assigned a

contribution rate in effect for the taxable year for the employer's classification as an eligible, deficit, or new employer, plus an additional assessment of 50% of the employer's assigned contribution rate, rounded to the nearest 1/100 of 1%."

Section 15. Section 39-71-201, MCA, is amended to read:

“39-71-201. Administration fund. (1) A workers’ compensation administration fund is established out of which are to be paid upon lawful appropriation all costs of administering the Workers’ Compensation Act and the statutory occupational safety *and health* acts that the department is required to administer, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers’ fund provided for in 39-71-503. The department shall collect and deposit in the state treasury to the credit of the workers’ compensation administration fund:

(a) all fees and penalties provided in 39-71-107, 39-71-205, 39-71-223, 39-71-304, 39-71-307, 39-71-315, 39-71-316, 39-71-401(6), 39-71-2204, 39-71-2205, and 39-71-2337; and

(b) all penalties assessed under [section 9]; and

~~(b)~~(c) all fees paid by an assessment of 3% of paid losses, plus administrative fines and interest provided by this section.

(2) For the purposes of this section, paid losses include the following benefits paid during the preceding calendar year for injuries covered by the Workers' Compensation Act without regard to the application of any deductible whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of \$200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(3) Each plan No. 1 employer, plan No. 2 insurer subject to the provisions of this section, and plan No. 3, the state fund, shall file annually on March 1 in the form and containing the information required by the department a report of paid losses pursuant to subsection (2).

(4) Each employer enrolled under compensation plan No. 1, compensation plan No. 2, or compensation plan No. 3, the state fund, shall pay a proportionate share of all costs of administering and regulating the Workers' Compensation Act and the statutory occupational safety acts that the department is required to administer, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503. In addition, compensation plan No. 3, the state fund, shall pay a proportionate share of these costs based upon paid losses for claims arising before July 1, 1990.

(5) (a) Each employer enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment is equal to 3% of the paid losses paid in the preceding calendar year by or on behalf of the plan No. 1 employer or \$500, whichever is greater. Any entity, other than the department, that assumes the obligations of an employer enrolled under compensation plan No. 1 is considered to be the employer for the purposes of this section.

(b) An employer formerly enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment is equal to 3% of the paid losses paid in the preceding calendar year by or on behalf of the employer for claims arising out of the time when the employer was enrolled under compensation plan No. 1.

(c) Payment of the assessment provided for by this subsection (5) must be paid by the employer in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(d) If an employer fails to timely pay to the department the assessment under this section, the department may impose on the employer an administrative fine of \$500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(6) (a) Compensation plan No. 3, the state fund, shall pay an assessment to fund administrative and regulatory costs attributable to claims arising before July 1, 1990. The assessment is equal to 3% of the paid losses paid in the preceding calendar year for claims arising before July 1, 1990. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the assessment for administrative and regulatory costs that is attributable to claims arising before July 1, 1990.

(b) Payment of the assessment must be paid in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(c) If the state fund fails to timely pay to the department the assessment under this section, the department may impose on the state fund an administrative fine of \$500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(7) (a) Each employer insured under compensation plan No. 2 or plan No. 3, the state fund, shall pay a premium surcharge to fund administrative and regulatory costs. The premium surcharge must be collected by each plan No. 2 insurer and by plan No. 3, the state fund, from each employer that it insures. The premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted to the insured employer and must be identified as "workers' compensation regulatory assessment surcharge". The premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes. However, an insurer may cancel a workers' compensation policy for nonpayment of the premium surcharge. When collected, assessments may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as a separate cost imposed upon insured employers.

(b) The amount to be funded by the premium surcharge is equal to 3% of the paid losses paid in the preceding calendar year by or on behalf of all plan No. 2 insurers and 3% of paid losses for claims arising on or after July 1, 1990, for plan No. 3, the state fund, plus or minus any adjustments as provided by subsection (7)(f). The amount to be funded must be divided by the total premium paid by all employers enrolled under compensation plan No. 2 or plan No. 3 during the preceding calendar year. A single premium surcharge rate, applicable to all employers enrolled in compensation plan No. 2 or plan No. 3, must be calculated annually by the department by not later than April 30. The resulting rate, expressed as a percentage, is levied against the premium paid by each employer enrolled under compensation plan No. 2 or plan No. 3 in the next fiscal year.

(c) On or before April 30 of each year, the department, in consultation with the advisory organization designated pursuant to 33-16-1023, shall notify plan No. 2 insurers and plan No. 3, the state fund, of the premium surcharge percentage to be effective for policies written or renewed annually on and after July 1 of that year.

(d) The premium surcharge must be paid whenever the employer pays a premium to the insurer. Each insurer shall collect the premium surcharge levied against every employer that it insures. Each insurer shall pay to the department all money collected as a premium surcharge within 20 days of the end of the calendar quarter in which the money was collected. If an insurer fails to timely pay to the department the premium surcharge collected under this

section, the department may impose on the insurer an administrative fine of \$500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(e) If an employer fails to remit to an insurer the total amount due for the premium and premium surcharge, the amount received by the insurer must be applied to the premium surcharge first and the remaining amount applied to the premium due.

(f) The amount actually collected as a premium surcharge in a given year must be compared to the 3% of paid losses paid in the preceding year. Any amount collected in excess of the 3% must be deducted from the amount to be collected as a premium surcharge in the following year. The amount collected that is less than the 3% must be added to the amount to be collected as a premium surcharge in the following year.

(8) On or before April 30 of each year, upon a determination by the department, an insurer under compensation plan No. 2 that pays benefits in the preceding calendar year but that will not collect any premium for coverage in the following fiscal year shall pay an assessment equal to 3% of paid losses paid in the preceding calendar year, subject to a minimum assessment of \$500, that is due on July 1.

(9) An employer that makes a first-time application for permission to enroll under compensation plan No. 1 shall pay an assessment of \$500 within 15 days of being granted permission by the department to enroll under compensation plan No. 1.

(10) The department shall deposit all funds received pursuant to this section in the state treasury, as provided in this section.

(11) The administration fund must be debited with expenses incurred by the department in the general administration of the provisions of this chapter, including the salaries of its members, officers, and employees and the travel expenses of the members, officers, and employees, as provided for in 2-18-501 through 2-18-503, incurred while on the business of the department either within or without the state.

(12) Disbursements from the administration fund must be made after being approved by the department upon claim for disbursement.

(13) The department may assess and collect the workers' compensation regulatory assessment surcharge from uninsured employers, as defined in 39-71-501, that fail to properly comply with the coverage requirements of the Workers' Compensation Act. Any amounts collected by the department pursuant to this subsection must be deposited in the workers' compensation administration fund."

AN ACT REVISING CAPTIVE INSURANCE LAWS; AUTHORIZING THE COMMISSIONER OF INSURANCE TO WAIVE THE RBC REPORT FOR

CAPTIVE RISK RETENTION GROUPS; CLARIFYING COLLECTION OF THE PREMIUM TAX; CHANGING THE CALCULATION OF THE TAX ON DIRECT PREMIUMS; REVISING INVESTMENT REQUIREMENTS FOR CAPTIVE INSURERS; EXPANDING THE SCOPE OF LAWS APPLICABLE TO CAPTIVE INSURANCE COMPANIES; AMENDING SECTIONS 33-2-1903, 33-28-102, 33-28-105, 33-28-107, 33-28-201, 33-28-202, AND 33-28-207, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 33-2-1903, MCA, is amended to read:

“33-2-1903. RBC reports. (1) ~~Each~~ *Except as provided in 33-28-107(4)(b),* each domestic insurer shall, on or before each March 1 filing date, prepare and submit to the commissioner a report of its RBC levels as of the end of the previous calendar year in a form and containing information as required by the RBC instructions. In addition, each domestic insurer shall file its RBC report:

(a) with the NAIC in accordance with the RBC instructions; and

(b) with the insurance commissioner in any state in which the insurer is authorized to do business if that insurance commissioner has notified the insurer of the request in writing, in which case the insurer shall file its RBC report not later than the later of:

(i) 15 days from the receipt of notice to file its RBC report with that state; or

(ii) the March 1 filing date.

(2) A life and disability insurer’s RBC must be determined in accordance with the formula set forth in the RBC instructions. The formula must take into account and may adjust for the covariance between:

(a) the risk with respect to the insurer’s assets;

(b) the risk of adverse insurance experience with respect to the insurer’s liabilities and obligations;

(c) the interest rate risk with respect to the insurer’s business; and

(d) all other business risks and other relevant risks as are set forth in the RBC instructions and determined in each case by applying the factors in the manner set forth in the RBC instructions.

(3) A property and casualty insurer’s RBC must be determined in accordance with the formula set forth in the RBC instructions. The formula shall take into account and may adjust for the covariance between:

(a) asset risk;

(b) credit risk;

(c) underwriting risk; and

(d) all other business risks and other relevant risks that are set forth in the RBC instructions and determined in each case by applying the factors in the manner set forth in the RBC instructions.

(4) An excess of capital over the amount produced by the risk-based capital requirements contained in this part and the formulas, schedules, and instructions referenced in 33-2-1906 through 33-2-1913 is desirable in the business of insurance. Accordingly, insurers should seek to maintain capital above the RBC levels required by this part. Additional capital is used and useful in the insurance business and helps to secure an insurer against various risks inherent in or affecting the business of insurance and not accounted for or only

partially measured by the risk-based capital requirements contained in this part.

(5) If a domestic insurer files an RBC report that in the judgment of the commissioner is inaccurate, the commissioner shall adjust the RBC report to correct the inaccuracy and shall notify the insurer of the adjustment. The notice must contain a statement of the reason for the adjustment. An RBC report so adjusted is referred to as an adjusted RBC report.”

(3) (a) In each compliance year beginning January 1, 2010, through December 31, 2014, each public utility and competitive electricity supplier shall procure a minimum of 10% of its retail sales of electrical energy in Montana from eligible renewable resources.

(b) *As Beginning January 1, 2012, as* part of their compliance with subsection (3)(a), public utilities shall purchase both the renewable energy credits and the electricity output from community renewable energy projects that total at least 50 megawatts in nameplate capacity.

(c) Public utilities shall proportionately allocate the purchase required under subsection (3)(b) based on each public utility’s retail sales of electrical energy in Montana in the calendar year ~~2009~~ 2011.

(4) (a) In the compliance year beginning January 1, 2015, and in each succeeding compliance year, each public utility and competitive electricity supplier shall procure a minimum of 15% of its retail sales of electrical energy in Montana from eligible renewable resources.

(b) (i) As part of their compliance with subsection (4)(a), public utilities shall purchase both the renewable energy credits and the electricity output from community renewable energy projects that total at least 75 megawatts in nameplate capacity.

(ii) In meeting the standard in subsection (4)(b)(i), a public utility may include purchases made under subsection (3)(b).

(c) Public utilities shall proportionately allocate the purchase required under subsection (4)(b) based on each public utility’s retail sales of electrical energy in Montana in the calendar year 2014.

(5) (a) In complying with the standards required under subsections (2) through (4), a public utility or competitive electricity supplier shall, for any given compliance year, calculate its procurement requirement based on the public utility’s or competitive electricity supplier’s previous year’s sales of electrical energy to retail customers in Montana.

(b) The standard in subsections (2) through (4) must be calculated on a delivered-energy basis after accounting for any line losses.

(6) A public utility or competitive electricity supplier has until 3 months following the end of each compliance year to purchase renewable energy credits for that compliance year.

(7) (a) In order to meet the standard established in subsections (2) through (4), a public utility or competitive electricity supplier may only use:

(i) electricity from an eligible renewable resource in which the associated renewable energy credits have not been sold separately;

(ii) renewable energy credits created by an eligible renewable resource purchased separately from the associated electricity; or

(iii) any combination of subsections (7)(a)(i) and (7)(a)(ii).

(b) A public utility or competitive electricity supplier may not resell renewable energy credits and count those sold credits against the public utility's or the competitive electricity supplier's obligation to meet the standards established in subsections (2) through (4).

(c) Renewable energy credits sold through a voluntary service such as the one provided for in 69-8-210(2) may not be applied against a public utility's or competitive electricity supplier's obligation to meet the standards established in subsections (2) through (4).

(8) Nothing in this part limits a public utility or competitive electricity supplier from exceeding the standards established in subsections (2) through (4).

(9) If a public utility or competitive electricity supplier exceeds a standard established in subsections (2) through (4) in any compliance year, the public utility or competitive electricity supplier may carry forward the amount by which the standard was exceeded to comply with the standard in either or both of the 2 subsequent compliance years. The carryforward may not be double-counted.

(10) Except as provided in subsections (11) and (12), if a public utility or competitive electricity supplier is unable to meet the standards established in subsections (2) through (4) in any compliance year, that public utility or competitive electricity supplier shall pay an administrative penalty, assessed by the commission, of \$10 for each megawatt hour of renewable energy credits that the public utility or competitive electricity supplier failed to procure. A public utility may not recover this penalty in electricity rates. Money generated from these penalties must be deposited in the universal low-income energy assistance fund established in 69-8-412(1)(a).

(11) A public utility or competitive electricity supplier may petition the commission for a short-term waiver from full compliance with the standards in subsections (2) through (4) and the penalties levied under subsection (10). The petition must demonstrate that the:

(a) public utility or competitive electricity supplier has undertaken all reasonable steps to procure renewable energy credits under long-term contract, but full compliance cannot be achieved either because renewable energy credits cannot be procured or for other legitimate reasons that are outside the control of the public utility or competitive electricity supplier; or

(b) integration of additional eligible renewable resources into the electrical grid will clearly and demonstrably jeopardize the reliability of the electrical system and that the public utility or competitive electricity supplier has undertaken all reasonable steps to mitigate the reliability concerns.

(12) (a) Retail sales made by a competitive electricity supplier according to prices, terms, and conditions of a written contract executed prior to April 25, 2007, are exempt from the standards in subsections (2) through (4).

(b) The exemption provided for in subsection (12)(a) is terminated upon modification after April 25, 2007, of the prices, terms, or conditions in a written contract."

(1) For purposes of this chapter, a hearing that is conducted by the use of two-way electronic audio-video communication, allowing all of the participants to be observed and heard by all present, is considered to be a hearing in open court.

(2) Whenever the law requires that a respondent or patient in any of the hearings provided for in subsection (3) be present before a court, this requirement may, in the discretion of the court, be satisfied either by the respondent's or patient's physical appearance before the court or by two-way electronic audio-video communication. The audio-video communication must operate so that the respondent or patient, the respondent's or patient's counsel, and the judge can see each other simultaneously and converse with each other, so that the respondent or patient and the respondent's or patient's counsel can communicate privately, and so that the respondent or patient and counsel are both present during the two-way electronic audio-video communication. A respondent or patient may request that counsel from the board be present, for consulting purposes only, if the respondent or patient is located at the state hospital.

(3) At the discretion of the court, the following hearings may be conducted through two-way electronic audio-video communication:

- (a) the initial hearing provided for in 53-21-122;
- (b) the detention hearing provided for in 53-21-124;
- (c) the trial or hearing on a petition provided for in 53-21-126;
- (d) a hearing on posttrial disposition as provided for in 53-21-127;
- (e) a hearing on the extension of a commitment period as provided for in 53-21-128;
- (f) a hearing on rehospitalization of a person conditionally released from an inpatient treatment facility as provided for in 53-21-197;
- (g) a hearing on an extension of the conditions of release as provided for in 53-21-198.

(4) This section does not abrogate a person's rights under 53-21-115, 53-21-116, or 53-21-117. A respondent or patient, the respondent's or patient's counsel, and a friend of respondent or patient, if any, must be informed of these rights prior to a hearing by two-way electronic audio-video communication in lieu of a hearing in person. A respondent or patient or the respondent's or patient's counsel and a friend of respondent or patient, acting together, may waive any of the rights, as provided under 53-21-119.

~~(5) If a respondent or patient, the respondent's or patient's counsel, or the professional person object to two-way electronic audio-video communication in lieu of a hearing in person, the court may not allow a two-way electronic audio-video communication.~~

(5) A two-way electronic audio-video communication may not be used:

(a) in an initial hearing provided for in 53-21-122 if the professional person objects; or

(b) in a hearing referred to in subsections (3)(b) through (3)(g) if a respondent or patient, the respondent's or patient's counsel, or the professional person objects."

Disputes, not within the jurisdiction of the Compact Board set forth in F.4., of Article IV, concerning use of the Tribal Water Right in the Ceded Strip and outside the Reservation which raise issues concerning the application of state or federal law shall be resolved in a court of competent jurisdiction. Those disputes concerning use of the Tribal Water Right in the Ceded Strip and outside the Reservation which do not raise issues concerning the application of state or federal law shall be within the exclusive jurisdiction of the Tribe. Subject to the limitations imposed by this Compact, the Tribe shall have the final and exclusive jurisdiction to resolve all disputes concerning the Tribal Water Right between holders of water rights under the Tribal Water Right. TWRD shall develop policies and procedures for monitoring water use, diversions, and maintaining records of water use and development consistent with this Compact. The current water use and diversions and new development shall be identified by location and quantity.

b. Administration and enforcement of the Tribal Water Right shall be pursuant to a Tribal water code, which shall be developed and adopted by the Tribe within two (2) years following the Effective Date of this Compact pursuant to any requirements set forth in the Constitution of the Crow Tribe. Pending the adoption of the Tribal water code, the administration and enforcement of the Tribal Water Right shall be by the Secretary of the Interior.

c. The Tribe shall not administer any water right Recognized Under State Law.

The State shall have the final and exclusive jurisdiction to resolve all disputes between holders of water rights Recognized Under State Law.

b. The State shall not administer or enforce any part of the Tribal Water Right.

c. For water rights Recognized Under State Law, if any, utilizing water delivered by the Crow Irrigation Project, administration and distribution of such water shall be conducted by the United States Department of the Interior, Bureau of Indian Affairs, in accordance with applicable federal laws.

4. Distribution of Water Between the Parties. When water availability is insufficient to satisfy all water rights under the Tribal Water Right and all water rights Recognized Under State Law within the Reservation, administration and distribution shall be as follows:

a. distribution between the water administered by the Tribe and the United States for current uses of the Tribal Water Right within the Reservation developed as of the date this Compact has been ratified by the Montana legislature and the water for water rights Recognized Under State Law within the Reservation with a priority date before this Compact has been ratified by the

Montana legislature shall be on an equitable basis in proportion to the amount of water required for Tribal water use as listed pursuant to Section E.2., of Article IV, and the amount of water required for water rights Recognized Under State Law, provided that, the Parties recognize that distribution may not be on a precise proportional basis due to the need to take into account the physical constraints of water delivery. Administration and distribution by the Tribe, the United States, and the State within their proportional shares shall be pursuant to Tribal, federal, and state law respectively, and shall be coordinated as necessary. This distribution shall not modify the right of a holder of a water right Recognized Under State Law to seek enforcement of such water right against other water rights Recognized Under State Law in priority without the agreement of the water right holder.

b. future development of the Tribal Water Right after this Compact has been ratified by the Montana legislature shall be enforced as junior in priority to the water rights subject to a proportional distribution as set forth in Section A.4.a., of Article IV.

2. Effect of Non-Use of the Tribal Water Right. State law doctrines relating to the use of water rights, including but not limited to relinquishment, forfeiture or abandonment, do not apply to the Tribal Water Right. Thus, non-use of all or any of the Tribal Water Right described in Article III shall not constitute a relinquishment, forfeiture or abandonment of such rights.

A. State Contribution to Settlement.

1. The State agrees to contribute the sum of \$15 million, in equal annual installments for a period of no more than fifteen years beginning July 1, 1999, to a fund for the use and benefit of the Tribe.

2. Payment of the State's contributions for the benefit of the Tribe is contingent on the final approval of this Compact by the Tribe and Congress, the final inclusion of the rights set forth in the Compact in decrees by the Montana Water Court and the expiration of the time for appeal from all orders effecting such inclusion or the affirmance of the decrees or orders on appeal, the provision of releases of claims as provided in Section A.4., of Article VI, and the fulfillment of any other conditions to the effectiveness of the Compact.

The Tribe further agrees that the State's contributions and agreements herein are full and adequate consideration for the Tribe's agreements as set forth in this Compact, and that the State's contributions, together with any other agreements that may be set forth in a separate coal severance tax settlement agreement between the State and the Tribe, are full and adequate consideration for the release of all claims by the Tribe and the United States in the civil action captioned Crow Tribe of Indians v. The Tribe further agrees that in consideration of the State's contributions and other agreements set forth in a separate coal severance tax settlement agreement, the Tribe will provide releases of all claims, including any pleadings or proposed orders necessary to implement or otherwise give effect to the releases, in that action in a form acceptable to the Attorney General of the State.

Upon ratification of this Compact by the Tribe and by the State, whichever is later, the terms of this Compact may not be altered, voided, or modified in any respect without the consent of both the Tribe and the State. Once ratified by Congress, the Tribe, and the State, the Compact may not be modified without the consent of the Tribe, the State, and the United States.

2. Notwithstanding any other provision in this Compact, the Tribe reserves the right to withdraw as a Party to this Compact:

a. If Congress has not ratified this Compact within four (4) years from the date the Compact is ratified by the State;

b. If appropriations are not authorized by Congress within four (4) years of the date the Compact is ratified by the Tribe;

c. If the Tribe and the United States do not reach agreement on the federal contribution to settlement;

d. If appropriations are not made in the manner contemplated by the federal legislation ratifying the Compact; or

e. If the Tribe and the United States do not reach agreement on settlement of issues regarding Section 2 of the Crow Allotment Act (41 Stat.751).

3. The Tribe may exercise its right to withdraw by sending to the Governor of the State of Montana and to the Secretary of the Interior by certified mail a resolution of the Crow Tribal Council stating the Tribe's intent to withdraw and specifying a withdrawal date not sooner than thirty (30) days from the date of the resolution. On the date designated in the resolution for Tribal withdrawal, this Compact shall become null and void without further action by any Party, and the Parties agree to resume negotiation in good faith for quantification of the water rights of the Crow Tribe and entry of a decree in a court of competent jurisdiction.

4. Notwithstanding any other provision in this Compact, the State reserves the right to withdraw as a Party to this Compact:

a. If the Tribe and Congress have not ratified this Compact within five (5) years from the date the Compact is ratified by the State;

b. If Congress requires a state contribution to settlement that exceeds the contributions described in Section A., of Article VI;

d. If a streamflow and lake level management plan pursuant to Section A.7., of Article III is not agreed to within one (1) year after this Compact has been ratified by the Montana legislature or any extended deadline agreed to by the State, or if federal legislation is inconsistent with the streamflow and lake level management plan; or

e. If the Department of Natural Resources and Conservation does not approve the list of current uses of the Tribal Water Right pursuant to Section E.2., of Article IV.

5. The State may exercise its right to withdraw by sending to the Crow Tribal Chairman and to the Secretary of the Interior a letter delivered by certified mail from the Governor of the State of Montana stating the State's intent to withdraw and specifying a withdrawal date not sooner than thirty (30) days from the date of the letter. On the date designated in the letter for State withdrawal, this Compact shall become null and void without further action by any Party, and the Parties agree to resume negotiation in good faith for quantification of the water rights of the Crow Tribe and entry of a decree in a court of competent jurisdiction.

6. Notwithstanding any other provision in this Compact, the Department of the Interior reserves the right to refuse to support federal legislation ratifying this Compact.

7. The Parties understand and accept that federal financial contributions to the Compact may not be budgeted until October of the year following the year of enactment of the Compact.

B. Incorporation Into Decrees and Disposition of Federal Suit.

1. The Tribe, the State, and the United States agree to defend the provisions and purposes of this Compact including the quantification set forth in Article III, from all challenges and attacks in all proceedings pursuant to this Section B., of Article VII.

2. Within one hundred eighty (180) days of the date this Compact is ratified by the Crow Tribal Council, the State of Montana, and Congress, whichever is latest, the Tribe, the State, or the United States shall file, in the general stream adjudication initiated by the State of Montana, pursuant to the provisions of 85-2-702(3), MCA, a motion for entry of the proposed decree set forth in Appendix 1 as the decree of the water rights held by the United States in trust for the Crow Tribe. If the Montana Water Court does not approve the proposed decree submitted with the motion within three years following the filing of the motion, the Compact shall be voidable by agreement of the State and the Tribe. If the Montana Water Court approves the proposed decree within three years, but the decree is subsequently set aside by the Montana Water Court or on appeal, the Compact shall be voidable by agreement of the State and the Tribe. Any effect of the failure of approval or setting aside of the decree on the approval, ratification, and confirmation by the United States shall be as provided by Congress. The Parties understand and agree that the submission of this Compact to a state court or courts, as provided for in this Compact, is solely to comply with the provisions of 85-2-702(3), MCA, and does not expand the jurisdiction of the state court or expand in any manner the waiver of sovereign immunity of the United States in the McCarran Amendment, 43 U.S.C. 666, or other provision of federal law.

3. Consistent with 3-7-224, MCA, setting forth the jurisdiction of the chief water judge, for the purposes of 85-2-702(3), MCA, the review by the Montana Water Court shall be limited to Article III, and Appendix 1, and may extend to

other sections of the Compact only to the extent that they relate to the determination of existing water rights. The final decree shall consist of Article III as displayed in Appendix 1, and such other information as may be required by 85-2-234, MCA. Nevertheless, pursuant to 85-2-702(3), MCA, the terms of the entire Compact must be included in the preliminary decree without alteration for the purpose of notice.

4. Upon the issuance of a final decree by the Montana Water Court, or its successor, and the completion of any direct appeals therefrom, or upon the expiration of the time for filing any such appeal, the United States, the Tribe, and the State shall execute and file joint motions pursuant to Rule 41(a), Fed. R. Civ. P., to dismiss the Tribe's claims, and any claims made by the United States as trustee for the Tribe, in *U.S. v. Big Horn Low Line Canal Company, et al.*, No. CIV-75-34-BLG (filed April 17, 1975) (hereinafter referred to as "Low Line Canal") and such claims may only be refiled if the Tribe exercises its option to withdraw as a Party to the Compact pursuant to Section A.3., of Article VII. This Compact shall be filed as a consent decree in Low Line Canal only if, prior to the dismissal of Low Line Canal as provided in Section B., of Article VII, it is finally determined in a judgment binding upon the State of Montana that the state courts lack jurisdiction over, or that the state court proceedings are inadequate to adjudicate, some or all of the water rights asserted in Low Line Canal.

C. Settlement of Water Right Claims. The water rights and other rights confirmed to the Tribe in this Compact are in full and final satisfaction of the water right claims of the Tribe and the United States on behalf of the Tribe and its members, including federal reserved water rights claims based on *Winters v. United States*, 207 U.S. 564 (1908). In consideration of the rights confirmed to the Tribe in this Compact, and of performance by the State of Montana and the United States of all actions required by this Compact, including entry of a final order issuing the decree of the reserved water rights of the Tribe held in trust by the United States as quantified in the Compact and displayed in Appendix 1, the Tribe and the United States as trustee for the Tribe and Tribal members hereby waive, release, and relinquish any and all claims to water rights or to the use of water within the State of Montana existing on the date this Compact is ratified by the State, the Tribe, and Congress and conditional upon a final decree, whichever date is later.

D. Binding Effect. After the Effective Date of this Compact, its terms shall be binding:

1. Upon the State and any person or entity of any nature whatsoever using, claiming or in any manner asserting any right under the authority of the State to the use of water in the State of Montana; provided that, the validity of consent, ratification, or authorization by the State is to be determined by Montana law;

2. Upon the Tribe, Tribal members, and any person or entity of any nature whatsoever using, claiming or in any manner asserting any right to the use of the Tribe's water right, or any right arising under any doctrine of reserved or aboriginal water rights for the Tribe or a Tribal member, or any right arising under tribal law; provided that, the validity of consent, ratification or authorization by the Tribe is to be determined by tribal law; and

3. Upon the United States and any person or entity of any nature whatsoever using, claiming or in any manner asserting any right under the authority of the United States to the use of water in the State of Montana; provided that, the

validity of consent, ratification or authorization by the United States is to be determined by federal law.

E. Waiver of Claims or Objections.

1. After the Effective Date of this Compact, the Tribe, any individual claiming a right to use water based on or derived from the Tribe, and the United States on behalf of the Tribe or a Tribal member, shall be prohibited from objecting to, or bringing a claim against, the claim or holder of a right to use water based on the laws of the State of Montana, and any carriage, storage, or delivery facilities and rights of way associated therewith, based on the assertion that such right is invalid because 85-2-301(4), MCA, is invalid as applied to such right, or that such right is inconsistent with or otherwise impairs any right reserved by the Tribe under Article 4 of the May 7, 1868 Treaty of Fort Laramie. If and to the extent necessary to effectuate the intent of this paragraph the Tribe, any individual claiming a right to use water based on or derived from the Tribe, and the United States on behalf of the Tribe shall be deemed to have waived and relinquished any claims or objections they may have against a holder of a right to use water based on the laws of the State of Montana, and any carriage, storage, or delivery facilities and rights of way associated therewith, based on the aforementioned law and Treaty.

2. Waiver of claims by the Tribe against the United States shall be as provided by Congress.

ARTICLE VIII - LEGISLATION

The State and Tribe agree to seek enactment of any legislation necessary to effectuate the provisions and purposes of this Compact, and to defend the provisions and purposes of this Compact from all challenges and attacks; provided that, no provision of the Compact shall be modified as to substance except as may be provided herein.

When an escrow agent has been selected, the department shall negotiate the terms of an escrow agreement *and any changes to the agreement authorized by law* with the Crow Tribe, the escrow agent, and if necessary under federal or tribal law, the United States. (3) The escrow agreement must provide that in the event the conditions set forth in subsection (1) do not occur within any time limits set in the compact, as those limits may be extended pursuant to the compact by agreement of the parties and the approval of the legislature, or if any party to the compact terminates the compact as provided in the compact prior to payment of the funds to the Crow Tribe as provided in subsection (2), ~~the contents of the escrow fund, including funds paid into the escrow fund by the state and any interest earned on principal and any interest remaining in the escrow fund;~~ will revert to the state.

(4) The escrow agreement must provide that interest earned on the escrow fund for each fiscal year, up to a maximum of \$650,000 in any fiscal year, must be paid to the Crow Tribe for its use for the purposes set forth in section VI.A.4 of the compact. [HB 27]

AN ACT ELIMINATING THE TERMINATION DATE FOR THE UNIVERSAL SYSTEM BENEFITS CHARGE RATES; CLARIFYING THE ENERGY AND TELECOMMUNICATIONS INTERIM COMMITTEE'S OVERSIGHT AUTHORITY OVER UNIVERSAL SYSTEM BENEFITS PROGRAMS; AMENDING SECTION 69-8-402, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-8-402, MCA, is amended to read:

“69-8-402. Universal system benefits programs. (1) Universal system benefits programs are established for the state of Montana to ensure continued

funding of and new expenditures for energy conservation, renewable resource projects and applications, and low-income energy assistance.

(2) Beginning January 1, 1999, 2.4% of each utility's annual retail sales revenue in Montana for the calendar year ending December 31, 1995, is established as the initial funding level for universal system benefits programs. To collect this amount of funds on an annualized basis in 1999, the commission shall establish rates for utilities subject to its jurisdiction and the governing boards of cooperatives shall establish rates for the cooperatives. ~~These universal system benefits charge rates must remain in effect through December 31, 2009.~~

(a) The recovery of all universal system benefits programs costs imposed pursuant to this section is authorized through the imposition of a universal system benefits charge assessed at the meter for each local utility system customer as provided in this section.

(b) A utility must receive credit toward annual funding requirements for the utility's internal programs or activities that qualify as universal system benefits programs, including those amortized or nonamortized portions of expenditures for the purchase of power that are for the acquisition or support of renewable energy, conservation-related activities, or low-income energy assistance, and for large customers' programs or activities as provided in subsection (7). The department of revenue shall review claimed credits of the utilities and large customers pursuant to 69-8-414.

(c) A utility at which the sale of power for final end use occurs is the utility that receives credit for the universal system benefits programs expenditure.

(d) A customer's utility shall collect universal system benefits funds less any allowable credits.

(e) For a utility to receive credit for low-income-related expenditures, the activity must have taken place in Montana.

(f) If a utility's or a large customer's credit for internal activities does not satisfy the annual funding provisions of subsection (2), then the utility shall make a payment to the universal system benefits fund established in 69-8-412 for any difference.

(3) Cooperative utilities may collectively pool their statewide credits to satisfy their annual funding requirements for universal system benefits programs and low-income energy assistance.

(4) A utility's transition plan must describe how the utility proposes to provide for universal system benefits programs, including the methodologies, such as cost-effectiveness and need determination, used to measure the utility's level of contribution to each program.

(5) A utility's minimum annual funding requirement for low-income energy and weatherization assistance is established at 17% of the utility's annual universal system benefits funding level and is inclusive within the overall universal system benefits funding level.

(a) A utility must receive credit toward the utility's low-income energy assistance annual funding requirement for the utility's internal low-income energy assistance programs or activities.

(b) If a utility's credit for internal activities does not satisfy its annual funding requirement, then the utility shall make a payment for any difference to the universal low-income energy assistance fund established in 69-8-412.

(6) An individual customer may not bear a disproportionate share of the local utility's funding requirements, and a sliding scale must be implemented to provide a more equitable distribution of program costs.

(7) (a) A large customer:

(i) shall pay a universal system benefits programs charge with respect to the large customer's qualifying load equal to the lesser of:

(A) \$500,000, less the large customer credits provided for in this subsection (7); or

(B) the product of 0.9 mills per kilowatt hour multiplied by the large customer's total kilowatt hour purchases, less large customer credits with respect to that qualifying load provided for in this subsection (7);

(ii) must receive credit toward that large customer's universal system benefits charge for internal expenditures and activities that qualify as a universal system benefits programs expenditure, and these internal expenditures must include but not be limited to:

(A) expenditures that result in a reduction in the consumption of electrical energy in the large customer's facility; and

(B) those amortized or nonamortized portions of expenditures for the purchase of power at retail or wholesale that are for the acquisition or support of renewable energy or conservation-related activities.

(b) Large customers making these expenditures must receive a credit against the large customer's universal system benefits charge, except that any of those amounts expended in a calendar year that exceed that large customer's universal system benefits charge for the calendar year must be used as a credit against those charges in future years until the total amount of those expenditures has been credited against that large customer's universal system benefits charges.

(8) (a) A public utility shall prepare and submit an annual summary report of the public utility's activities relating to all universal system benefits programs to the commission, the department of revenue, and the energy and telecommunications interim committee provided for in 5-5-230. A cooperative utility shall prepare and submit annual summary reports of activities to the cooperative utility's respective local governing body, the statewide cooperative utility office, and the energy and telecommunications interim committee. The statewide cooperative utility office shall prepare and submit an annual summary report of the activities of individual cooperative utilities, including a summary of the pooling of statewide credits, as provided in subsection (3), to the department of revenue and the energy and telecommunications interim committee. The annual report of a public utility or of the statewide cooperative utility office must include but is not limited to:

~~(a)~~(i) the types of internal utility and customer programs being used to satisfy the provisions of this chapter;

~~(b)~~(ii) the level of funding for those programs relative to the annual funding requirements prescribed in subsection (2); and

~~(c)~~(iii) any payments made to the statewide funds in the event that internal funding was below the prescribed annual funding requirements.

(b) *Before September 15 of the year preceding a legislative session, the energy and telecommunications interim committee shall review the universal system*

benefits programs and, if necessary, submit recommendations regarding these programs to the legislature.

(9) A utility or large customer filing for a credit shall develop and maintain appropriate documentation to support the utility's or the large customer's claim for the credit.

(10) (a) A large customer claiming credits for a calendar year shall submit an annual summary report of its universal system benefits programs activities and expenditures to the department of revenue and to the large customer's utility. The annual report of a large customer must identify each qualifying project or expenditure for which it has claimed a credit and the amount of the credit. Prior approval by the department of revenue or the utility is not required, except as provided in subsection (10)(b).

(b) If a large customer claims a credit that the department of revenue disallows in whole or in part, the large customer is financially responsible for the disallowance. A large customer and the large customer's utility may mutually agree that credits claimed by the large customer be first approved by the utility. If the utility approves the large customer credit, the utility may be financially responsible for any subsequent disallowance."

Section 2. Effective date. [This act] is effective on passage and approval.

Article III. Elements Of Income Tax Laws Taxpayer Option, State and Local Taxes

(1) Any taxpayer subject to an income tax whose income is subject to apportionment and allocation for tax purposes pursuant to the laws of a party state or pursuant to the laws of subdivisions in two or more party states may elect to apportion and allocate ~~his~~ *the taxpayer's* income in the manner provided by the laws of such state or by the laws of such states and subdivisions without reference to this compact or may elect to apportion and allocate in accordance with Article IV. This election for any tax year may be made in all party states or subdivisions thereof or in any one or more of the party states or subdivisions thereof without reference to the election made in the others. For the purposes of this subsection, taxes imposed by subdivisions shall be considered separately from state taxes and the apportionment and allocation also may be applied to the entire tax base. In no instance wherein Article IV is employed for all subdivisions of a state may the sum of all apportionments and allocations to subdivisions within a state be greater than the apportionment and allocation

The multistate tax commission, not more than once in 5 years, may adjust the \$100,000 figure in order to reflect such changes as may occur in the real value of the dollar, and such adjusted figure, upon adoption by the commission, shall replace the \$100,000 figure specifically provided herein. Each party state and subdivision thereof may make the same election available to taxpayers additional to those specified in this subsection.

(f) "public utility" means any business entity:

(2) Any taxpayer having income from business activity which is taxable both within and without this state, other than activity as a financial organization or public utility or the rendering of purely personal services by an individual, shall allocate and apportion ~~his~~ *the taxpayer's* net income as provided in this article. If a taxpayer has income from business activity as a public utility but derives the greater percentage of ~~his~~ *the taxpayer's* income from activities subject to this article, the taxpayer may elect to allocate and apportion ~~his~~ *the taxpayer's* entire net income as provided in this article.

(3) For purposes of allocation and apportionment of income under this article, a taxpayer is taxable in another state if:

(a) in that state ~~he~~ *the taxpayer* is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or

(b) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

(4) Rents and royalties from real or tangible personal property, capital gains, interest, dividends, or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in subsections (5) through (8) of this article.

(5) (a) Net rents and royalties from real property located in this state are allocable to this state.

(b) Net rents and royalties from tangible personal property are allocable to this state:

(i) if and to the extent that the property is utilized in this state; or

(ii) in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(c) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(6) (a) Capital gains and losses from sales of real property located in this state are allocable to this state.

(b) Capital gains and losses from sales of tangible personal property are allocable to this state if:

(c) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

(7) Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state.

(8) (a) Patent and copyright royalties are allocable to this state:

(i) if and to the extent that the patent or copyright is utilized by the payer in this state; or

(ii) if and to the extent that the patent or copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(b) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(c) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(9) All business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor and the denominator of which is 3.

(10) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

(11) Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

(12) The average value of property shall be determined by averaging the values at the beginning and ending of the tax period, but the tax administrator may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(13) The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period.

(14) Compensation is paid in this state if:

(a) the individual's service is performed entirely within the state;

(b) the individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

(c) some of the service is performed in the state and:

(i) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state; or

(ii) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(15) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

(16) Sales of tangible personal property are in this state if:

(a) the property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale; or

(b) the property is shipped from an office, store, warehouse, factory, or other place of storage in this state and:

(i) the purchaser is the United States government; or

(ii) the taxpayer is not taxable in the state of the purchaser.

(17) Sales, other than sales of tangible personal property, are in this state if:

(a) the income-producing activity is performed in this state; or

(b) the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(18) If the allocation and apportionment provisions of this article do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the tax administrator may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(a) separate accounting;

(b) the exclusion of any one or more of the factors;

(c) the inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this state; or

(d) the employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

Article V. Elements Of Sales And Use Tax Laws Tax Credit

(1) Each purchaser liable for a use tax on tangible personal property shall be entitled to full credit for the combined amount or amounts of legally imposed sales or use taxes paid by ~~him~~ *the purchaser* with respect to the same property to another state and any subdivision thereof. The credit shall be applied first against the amount of any use tax due the state, and any unused portion of the credit shall then be applied against the amount of any use tax due a subdivision.

Exemption Certificates — Vendors May Rely

(2) Whenever a vendor receives and accepts in good faith from a purchaser a resale or other exemption certificate or other written evidence of exemption authorized by the appropriate state or subdivision taxing authority, the vendor shall be relieved of liability for a sales or use tax with respect to the transaction.

Article VI. The Commission Organization and Management

(1) (a) The Multistate Tax Commission is hereby established. It shall be composed of one member from each party state who shall be the head of the state agency charged with the administration of the types of taxes to which this compact applies. If there is more than one such agency, the state shall provide by law for the selection of the commission member from the heads of the relevant

agencies. State law may provide that a member of the commission be represented by an alternate, but only if there is on file with the commission written notification of the designation and identity of the alternate. The attorney general of each party state or ~~his~~ *the attorney general's* designee or other counsel if the laws of the party state specifically provide, shall be entitled to attend the meetings of the commission but shall not vote. Such attorneys general, designees, or other counsel shall receive all notices of meetings required under subsection (1)(e) of this article.

(b) Each party state shall provide by law for the selection of representatives from its subdivisions affected by this compact to consult with the commission member from that state.

(c) Each member shall be entitled to one vote. The commission shall not act unless a majority of the members are present, and no action shall be binding unless approved by a majority of the total number of members.

(d) The commission shall adopt an official seal to be used as it may provide.

(e) The commission shall hold an annual meeting and such other regular meetings as its bylaws may provide and such special meetings as its executive committee may determine. The commission bylaws shall specify the dates of the annual and any other regular meetings and shall provide for the giving of notice of annual, regular, and special meetings. Notice of special meetings shall include the reasons therefor and an agenda of the items to be considered.

(f) The commission shall elect annually, from among its members, a ~~chairman~~ *presiding officer*, a ~~vice-chairman~~ *vice presiding officer*, and a treasurer. The commission shall appoint an executive director who shall serve at its pleasure, and it shall fix ~~his~~ *the executive director's* duties and compensation. The executive director shall be secretary of the commission. The commission shall make provision for the bonding of such of its officers and employees as it may deem appropriate.

(g) Irrespective of the civil service, personnel, or other merit system laws of any party state, the executive director shall appoint or discharge such personnel as may be necessary for the performance of the functions of the commission and shall fix their duties and compensation. The commission bylaws shall provide for personnel policies and programs.

(h) The commission may borrow, accept, or contract for the services of personnel from any state, the United States, or any other governmental entity.

(i) The commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any governmental entity and may utilize and dispose of the same.

(l) The commission annually shall make to the governor and legislature of each party state a report covering its activities for the preceding year. Any donation or grant accepted by the commission or services borrowed shall be reported in the annual report of the commission and shall include the nature, amount, and conditions, if any, of the donation, gift, grant, or services borrowed

and the identity of the donor or lender. The commission may make additional reports as it may deem desirable.

Committees

(2) (a) To assist in the conduct of its business when the full commission is not meeting, the commission shall have an executive committee of seven members, including the ~~chairman~~ *presiding officer*, ~~vice-chairman~~ *vice presiding officer*, treasurer, and four other members elected annually by the commission. The executive committee, subject to the provisions of this compact and consistent with the policies of the commission, shall function as provided in the bylaws of the commission.

(b) The commission may establish advisory and technical committees, membership on which may include private persons and public officials, in furthering any of its activities. Such committees may consider any matter of concern to the commission, including problems of special interest to any party state and problems dealing with particular types of taxes.

(c) The commission may establish such additional committees as its bylaws may provide.

Powers

(3) In addition to powers conferred elsewhere in this compact, the commission shall have power to:

(a) study state and local tax systems and particular types of state and local taxes;

(b) develop and recommend proposals for an increase in uniformity or compatibility of state and local tax laws with a view toward encouraging the simplification and improvement of state and local tax law and administration;

(c) compile and publish information as in its judgment would assist the party states in implementation of the compact and taxpayers in complying with state and local tax laws;

(d) do all things necessary and incidental to the administration of its functions pursuant to this compact.

Finance

(4) (a) The commission shall submit to the governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that state for presentation to the legislature thereof.

(b) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amounts to be appropriated by each of the party states. The total amount of appropriations requested under any such budget shall be apportioned among the party states as follows: one-tenth in equal shares and the remainder in proportion to the amount of revenue collected by each party state and its subdivisions from income taxes, capital stock taxes, gross receipts taxes, sales and use taxes. In determining such amounts, the commission shall employ such available public sources of information as, in its judgment, present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the sources used in obtaining information employed in applying the formula contained in this subsection.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds

available to it under subsection (1)(i) of this article, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under subsection (1)(i), the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any person authorized by the commission.

(f) Nothing contained in this article shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

Article VII. Uniform Regulations And Forms

(1) Whenever any two or more party states or subdivisions of party states have uniform or similar provisions of law relating to an income tax, capital stock tax, gross receipts tax, sales or use tax, the commission may adopt uniform regulations for any phase of the administration of such law, including assertion of jurisdiction to tax or prescribing uniform tax forms. The commission may also act with respect to the provisions of Article IV of this compact.

(2) Prior to the adoption of any regulation, the commission shall:

(a) as provided in its bylaws, hold at least one public hearing on due notice to all affected party states and subdivisions thereof and to all taxpayers and other persons who have made timely request of the commission for advance notice of its regulation-making proceedings;

(b) afford all affected party states and subdivisions and interested persons an opportunity to submit relevant written data and views, which shall be considered fully by the commission.

(3) The commission shall submit any regulations adopted by it to the appropriate officials of all party states and subdivisions to which they might apply. Each such state and subdivision shall consider any such regulation for adoption in accordance with its own laws and procedures.

Article VIII. Interstate Audits

(1) This article shall be in force only in those party states that specifically provide therefor by statute.

(2) Any party state or subdivision thereof desiring to make or participate in an audit of any accounts, books, papers, records, or other documents may request the commission to perform the audit on its behalf. In responding to the request, the commission shall have access to and may examine, at any reasonable time, such accounts, books, papers, records, and other documents and any relevant property or stock of merchandise. The commission may enter into agreements with party states or their subdivisions for assistance in performance of the audit. The commission shall make charges, to be paid by the state or local government or governments for which it performs the service, for

any audits performed by it in order to reimburse itself for the actual costs incurred in making the audit.

(3) The commission may require the attendance of any person within the state where it is conducting an audit or part thereof at a time and place fixed by it within such state for the purpose of giving testimony with respect to any account, book, paper, document, other record, property, or stock of merchandise being examined in connection with the audit. If the person is not within the jurisdiction, ~~he~~ *the person* may be required to attend for such purpose at any time and place fixed by the commission within the state of which ~~he~~ *the person* is a resident, provided that such state has adopted this article.

(4) The commission may apply to any court having power to issue compulsory process for orders in aid of its powers and responsibilities pursuant to this article, and any and all such courts shall have jurisdiction to issue such orders. Failure of any person to obey any such order shall be punishable as contempt of the issuing court. If the party or subject matter on account of which the commission seeks an order is within the jurisdiction of the court to which application is made, such application may be to a court in the state or subdivision on behalf of which the audit is being made or a court in the state in which the object of the order being sought is situated. The provisions of this subsection apply only to courts in a state that has adopted this article.

(5) The commission may decline to perform any audit requested if it finds that its available personnel or other resources are insufficient for the purpose or that, in the terms requested, the audit is impracticable of satisfactory performance. If the commission, on the basis of its experience, has reason to believe that an audit of a particular taxpayer, either at a particular time or on a particular schedule, would be of interest to a number of party states or their subdivisions, it may offer to make the audit or audits, the offer to be contingent on sufficient participation therein as determined by the commission.

(6) Information obtained by any audit pursuant to this article shall be confidential and available only for tax purposes to party states, their subdivisions, or the United States. Availability of information shall be in accordance with the laws of the states or subdivisions on whose account the commission performs the audit and only through the appropriate agencies or officers of such states or subdivisions. Nothing in this article shall be construed to require any taxpayer to keep records for any period not otherwise required by law.

(7) Other arrangements made or authorized pursuant to law for cooperative audit by or on behalf of the party states or any of their subdivisions are not superseded or invalidated by this article.

(8) In no event shall the commission make any charge against a taxpayer for an audit.

(9) As used in this article, "tax", in addition to the meaning ascribed to it in Article II, means any tax or license fee imposed in whole or in part for revenue purposes.

Article IX. Arbitration

(1) Whenever the commission finds a need for settling disputes concerning apportionments and allocations by arbitration, it may adopt a regulation placing this article in effect, notwithstanding the provisions of Article VII.

(2) The commission shall select and maintain an arbitration panel composed of officers and employees of state and local governments and private persons

who shall be knowledgeable and experienced in matters of tax law and administration.

(3) Whenever a taxpayer who has elected to employ Article IV or whenever the laws of the party state or subdivision thereof are substantially identical with the relevant provisions of Article IV, the taxpayer, by written notice to the commission and to each party state or subdivision thereof that would be affected, may secure arbitration of an apportionment or allocation if ~~he~~ *the taxpayer* is dissatisfied with the final administrative determination of the tax agency of the state or subdivision with respect thereto on the ground that it would subject ~~him~~ *the taxpayer* to double or multiple taxation by two or more party states or subdivisions thereof. Each party state and subdivision thereof hereby consents to the arbitration as provided herein and agrees to be bound thereby.

(4) The arbitration board shall be composed of one person selected by the taxpayer, one by the agency or agencies involved, and one member of the commission's arbitration panel. If the agencies involved are unable to agree on the person to be selected by them, such person shall be selected by lot from the total membership of the arbitration panel. The two persons selected for the board in the manner provided by the foregoing provisions of this subsection shall jointly select the third member of the board. If they are unable to agree on the selection, the third member shall be selected by lot from among the total membership of the arbitration panel. No member of a board selected by lot shall be qualified to serve if he is an officer or employee or is otherwise affiliated with any party to the arbitration proceeding. Residents within the jurisdiction of a party to the arbitration proceeding shall not constitute affiliation within the meaning of this subsection.

(5) The board may sit in any state or subdivision party to the proceeding, in the state of the taxpayer's incorporation, residence, or domicile, in any state where the taxpayer does business, or in any place that it finds most appropriate for gaining access to evidence relevant to the matter before it.

(6) The board shall give due notice of the times and places of its hearings. The parties shall be entitled to be heard, to present evidence, and to examine and cross-examine witnesses. The board shall act by majority vote.

(7) The board shall have power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of accounts, books, papers, records, and other documents, and issue commissions to take testimony. Subpoenas may be signed by any member of the board. In case of failure to obey a subpoena and upon application by the board, any judge of a court of competent jurisdiction of the state in which the board is sitting or in which the person to whom the subpoena is directed may be found may make an order requiring compliance with the subpoenas, and the court may punish failure to obey the order as a contempt. The provisions of this subsection apply only in states that have adopted this article.

(8) Unless the parties otherwise agree, the expenses and other costs of the arbitration shall be assessed and allocated among the parties by the board in such manner as it may determine. The commission shall fix a schedule of compensation for members of arbitration boards and of other allowable expenses and costs. No officer or employee of a state or local government who serves as a member of a board shall be entitled to compensation therefor unless ~~he~~ *the member* is required on account of ~~his~~ *the* service to forego the regular compensation attaching to ~~his~~ *the member's* public employment, but any such board member shall be entitled to expenses.

(9) The board shall determine the disputed apportionment or allocation and any matters necessary thereto. The determinations of the board shall be final for purposes of making the apportionment or allocation, but for no other purpose.

(10) The board shall file with the commission and with each tax agency represented in the proceeding: the determination of the board, the board's written statement of its reasons therefor, the record of the board's proceedings, and any other documents required by the arbitration rules of the commission to be filed.

(11) The commission shall publish the determinations of boards, together with the statements of the reasons therefor.

(12) The commission shall adopt and publish rules of procedure and practice and shall file a copy of such rules and of any amendment thereto with the appropriate agency or officer in each of the party states.

(13) Nothing contained herein shall prevent at any time a written compromise of any matter or matters in dispute, if otherwise lawful, by the parties to the arbitration proceedings.

Article X. Entry Into Force And Withdrawal

(1) This compact shall enter into force when enacted into law by any seven states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof. The commission shall arrange for notification of all party states whenever there is a new enactment of the compact.

(2) Any party state may withdraw from this compact by enacting a statute repealing the same. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

(3) No proceeding commenced before an arbitration board prior to the withdrawal of a state and to which the withdrawing state or any subdivision thereof is a party shall be discontinued or terminated by the withdrawal, nor shall the board thereby lose jurisdiction over any of the parties to the proceeding necessary to make a binding determination therein.

Article XI. Effect On Other Laws And Jurisdiction

Nothing in this compact shall be construed to:

(1) affect the power of any state or subdivision thereof to fix rates of taxation, except that a party state shall be obligated to implement Article III, subsection (2), of this compact;

"20-4-121. Interstate agreement on qualification of educational personnel. The interstate agreement on qualification of educational personnel is enacted into law and entered into with all jurisdictions legally joining therein in the form substantially as follows:

Article I. Purpose — Findings — Policy

(1) The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession.

It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it and to authorize specific interstate educational personnel contracts to achieve that end.

(2) The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators are lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational ~~manpower~~ *personnel*.

Article II. Definitions

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise, the following definitions apply:

(1) "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

(2) "Designated state official" means the educational official of a state selected by that state to negotiate and enter into, on behalf of ~~his~~ *the official's* state, contracts pursuant to this agreement.

(3) "Accept" or any variant thereof means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

(4) "State" means a state, territory, or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

(5) "Originating state" means a state (and the subdivisions thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

(6) "Receiving state" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

Article III. Interstate Educational Personnel Contracts

(1) The designated state official of a party state may make one or more contracts on behalf of ~~his~~ *the designated state official's* state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it and the subdivisions of those states with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only with states in which ~~he~~ *the designated state official* finds that there are programs of education, certification standards, or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable even though not identical to that prevailing in ~~his~~ *the designated state official's* own state.

(2) Any such contract shall provide for:

(a) its duration;

(b) the criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state;

(c) such waivers, substitutions, and conditional acceptance as shall aid the practical effectuation of the contract without sacrifice of basic educational standards; and

(d) any other necessary matters.

(3) No contract made pursuant to this agreement shall be for a term longer than 5 years, but any such contract may be renewed for like or lesser periods.

(4) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

(5) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(6) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report not less than once a year to the heads of the appropriate education agencies of the contracting states.

Article IV. Approved and Accepted Programs

(1) Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

(2) To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article V. Interstate Cooperation

The party states agree that:

INTERSTATE LIBRARY COMPACT

Article I. Policy and Purpose

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis; and to authorize cooperation and sharing among localities, states, and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

Article II. Definitions

As used in this compact:

(1) “public library agency” means any unit or agency of local or state government operating or having power to operate a library;

(2) “private library agency” means any nongovernmental entity which operates or assumes a legal obligation to operate a library;

(3) “library agreement” means a contract establishing an interstate library district pursuant to this compact or providing for the joint or cooperative furnishing of library services.

Article III. Interstate Library Districts

(1) Any one or more public library agencies in a party state in cooperation with any public library agency or agencies in one or more other party states may

establish and maintain an interstate library district. Subject to the provisions of this compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain, and operate some or all of the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities, and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(2) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(3) If a library agreement provides for joint establishment, maintenance, or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

(a) undertake, administer, and participate in programs or arrangements for:

(i) securing, lending, or servicing books and other publications, any other materials suitable to be kept or made available by libraries, or library equipment; or

(ii) for the dissemination of information about libraries, the value and significance of particular items therein, and the use thereof;

(b) accept for any of its purposes under this compact any and all donations and grants of money, equipment, supplies, materials, and services (conditional or otherwise) from any state or the United States or any subdivision or agency thereof or interstate agency or from any institution, person, firm, or corporation and receive, utilize, and dispose of the same;

(c) operate mobile library units or equipment for the purpose of rendering bookmobile service within the district;

(d) employ professional, technical, clerical, and other personnel and fix terms of employment, compensation, and other appropriate benefits; and where desirable, provide for the in-service training of such personnel;

Each participating public library agency in the district shall be represented on the governing board which shall be organized and conduct its

business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.

(2) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

Article V. State Library Agency Cooperation

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint acquisition, use, housing, and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services, or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district, and an agreement embodying any such program, service, or arrangement shall contain provisions covering the subjects detailed in Article VI of this compact for interstate library agreements.

Article VI. Library Agreements

(1) In order to provide for any joint or cooperative undertaking pursuant to this compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this compact shall, as among the parties to the agreement:

- (b) provide for the allocation of costs and other financial responsibilities;
- (c) specify the respective rights, duties, obligations, and liabilities of the parties;
- (d) set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(2) No public or private library agency shall undertake to exercise, itself or jointly with any other library agency, by means of a library agreement, any power prohibited to such agency by the constitution or statutes of its state.

(3) No library agreement shall become effective until filed with the compact administrator of each state involved and approved in accordance with Article VII of this compact.

Article VII. Approval of Library Agreements

(1) Every library agreement made pursuant to this compact shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of ~~his~~ *that* state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within 90 days of its submission shall constitute approval thereof.

(2) In the event that a library agreement made pursuant to this compact shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by ~~him~~ *the officer* or it as to all matters within ~~his~~ *the officer's* or its jurisdiction in the same manner and subject to the same requirements governing the action of the attorneys general pursuant to paragraph (1) of this article. This requirement of submission and approval shall be in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

Article VIII. Other Laws Applicable

Nothing in this compact or in any library agreement shall be construed to supersede, alter, or otherwise impair any obligation imposed on any library by otherwise applicable law nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

Article IX. Appropriations and Aid

(1) Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.

(2) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

Article X. Compact Administrator

Each state shall designate a compact administrator with whom copies of all library agreements to which ~~his~~ *the administrator's* state or any public library agency thereof is party shall be filed. The administrator shall have such other powers as may be conferred upon ~~him~~ *the administrator* by the laws of ~~his~~ *that* state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.

Article XI. Entry into Force and Withdrawal

(1) This compact shall enter into force and effect immediately upon its enactment into law by any two states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(2) This compact shall continue in force with respect to a party state and remain binding upon such state until 6 months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this compact from any obligation of that agreement prior to the end of its duration as provided therein.

Article XII. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the

constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.”
